Heraldic Art Makes New Medal

"Pioneer Inventions" is the name of the latest issue in the Heraldic Art continuing series of sterling silver commemorative medals. Robert McNamara, head of the Cleveland firm, announced today.

The new medallion, number VI, completes the 1960 set of three pieces. It memorializes twin anniversaries of two of the most historically significant inventions of colonial times—the long rifle, 1710, and the Conestoga wagon, 1760.

The silver pieces bear a joint title legend, shared by obverse and reverse: PIONEER INVENTIONS. . . . OPENING THE WAY WEST.

See Photographs Page 3

The obverse displays a prowling wolf, barred by a flintlock long rifle, showing the arm's action in minute detail. Title legend: LONG RIFLE-1710-1760. On the reverse, the team is being hitched to the first "covered wagon", with the Appalachian ridges in the distance. Legend in exergue: 1710-1960—CONESTOGA WAGON.

Sculptor for this piece was Robert A. Weinman, National Sculpture Society, who designed and executed models for both sides. While Weinman has designed some 28 institutional and award medals, this is his first design primarily for the numismatic field.

His late father, however, A. A. Weinman, is well known to collectors as the designer of the Liberty Walking half dollar and the Liberty (so-called Mercury) head dime, as well as the Saltus medal of the American Numismatic Society.

Pieces struck for this issue total \$1,100 in sterling silver, and 48 in 22 karat gold. Subscribers' medallions were distributed in December, and unsubscribed pieces are now available to other interested collectors while the quantity lasts.

Subscription reservation booklets for the coming 1961 series of three medallions (the first of which will mark the Kansas Statehood Centennial) accompany the Pioneer Inventions VI.

New Treasury Officials Sign Currency

Secretary of the Treasury C. Douglas Dillon holds the first sheet of dollar bills bearing his signature at the Bureau of Engraving and Printing in Washington. The 30 notes also bear the signature of Elizabeth Rudel Smith, treasurer of the United

States-designate, who appears pleased with the results. At right is Henry J. Holtzclaw, director of the Bureau of Engraving and Printing. The bills cannot go into circulation until Mrs. Smith's appointment is confirmed by the Senate.

Patriot Declares Cuban Money Debased, Artificial

EDITOR'S NOTE

The anti-Castro patriot numismatist who wrote this up-to-the-minute report on Cuban coinage and currency must—of necessity—remain unidentified for reasons which are obvious.

The Cuban peso has always been at par with the U. S. dollar throughout the 50-odd years of Cuban independence, but today, in the black market, it is barely worth 12 cents.

This is one of the tragic consequences of the deliberate policy of the present Cuban Communist regime to destroy the wealth of a once democratic and progressive country with its free-enterprise system and transform it to the shackles of State Socialism—Kremlin bound.

This unnatural and suicidal course has destroyed the credit and the value of a once sound money into a debased and artificial currency.

Numismatically, present and future collectors will find many interesting items to add to their collections of Cuban coins pertaining to this unfortunate era of revolution.

Some will undoubtedly be of great rarity and interest. Most likely they may not be too long in making their appearance in different collections, for it is a reasonable certainty that the actual Cuban regime's days are numbered; and with its violent collapse most of its laws and acts, as well as its discredited and worthless currency shall be swept into the dustbin of history.

When Ernesto (Che) Guevara was named president of the National Bank of Cuba—a most paradoxical appointment, for he is neither a Cuban nor an economist, but a veterinary and a Communist—he signed the new notes with his nickname: Che. This was in deliberate mockery and affront, for the law clearly states that the president of the bank must sign his full name.

To this insult the Cuban people responded with a greater mockery—and one which shows the ingrained sense of humor and independence of the Cubans, as well as the disdain they felt for this Red foreigner: They marked a cross in front of the signature.

(See Photographs, Page 2)

This was in the nature of a pun, for a cross in Spanish is CRUZ, and followed by CHE was meant to read CRUZCHE, which sounds in Spanish as Kruchev. This was their way of telling the bearded mountebank that the people were not only aware of his true color, but that they also knew who his boss was.

The dart has struck home, for the government, shortly after-

Coin World Late?

The January 26 edition of Coin World went into the mails at the regular time—but the disrupted railroad service, brought about a short-lived strike called by New York tugboatmen—caused delay in deliveries throughout the eastern half of the United States.

wards passed a frantic decree ordering all marked notes to be declared worthless and refusing to have banks accept them for deposits. Nevertheless, the practice continues in ever-increasing proportions.

Last August, despite the utmost efforts of the government to keep it secret, Castro's brother, Raul, spirited away to Switzerland the last of Cuba's gold reserves. The underground was able to follow every step of this thievery. In strong wooden boxes (\$1,052,000 in gold bullion value) all the gold coins of the 1915-1916 issues bearing Marti's bust were loaded aboard a Turbo-prop Britannia of the Cubana Airline and with Raul Castro himself aboard with a strong escort, the flight was made via London.

Cuba's remaining silver bullion (\$13,000,000) in one peso coins have also vanished; most likely in one of the many Russian freighters that come to Havana nowadays.

The underground did snatch from under the noses of the National Bank officers complete lists of all the new notes that have been printed—without the corresponding metallic backing, naturally—principally by La Rue & Sons of England and also from East Germany. Last December, the weekly Spanish language newspaper, AVANCE, once one of Cuba's most reliable newspapers—and today published in exile in Miami, published the complete lists and also photographed them in order to cast all doubts out as to the reliability of the information.

Record High Predicted By Mint Official

The Philadelphia Mint has orders for approximately two and three-quarter million 1961 proof sets as of noon on January 25 as Mrs. Rae V. Biester, superintendent of the Mint, predicted the earliest cut-off date in history.

"I have no idea of the cut-off date, however," the Mint executive said crisply. "This is set by the Bureau of the Mint."

"The orders keep rolling in," Mrs. Biester said as she pointed to two elements vital to the sustained production of the proof sets.

The two elements described by Mrs. Biester are human and mechanical.

"I am listing the human element first," she said. "If the people hold out and don't get sick, and we can retain our efficient staff of trained personnel . . ."

Mrs. Biester expressed the hope in the second area that the mechanical equipment would hold up under the increased demands.

A total of 1,149,291 proof sets were struck for the entire year of 1959—in 1960 this figure rose to 1,691,602.

Earliest cut-off date in history occurred in 1960 when Dr. F. Leland Howard, assistant director of the Mint, halted acceptance of orders on April 30.

At that time the Philadelphia Mint had 1,700,000 orders on hand,

Mint Spikes Trouble With New Barrier

Teen-aged hecklers who might throw a rock and cripple a vital coin press have caused the Denver Mint to install a \$28,300 wrought iron picket fence atop a granite wall. Mrs. Alma K. Schneider, superintendent of the institution, revealed.

The action became necessary after youngsters trespassed on Mint property, yelled, hollered and tried to reach through the heavy barred windows.

"There was never any real danger of them reaching anything of value," said Mrs. Schneider, "nor was there ever any real trouble, but we want to prevent any vandalism."

Intruders became bolder after the outdoor guard patrol was discontinued, the Mint executive said.

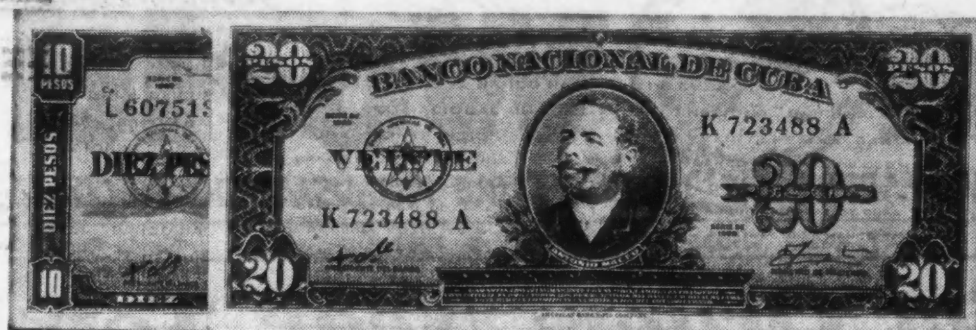

Mrs. Schneider had the highest of praise today for Denver Mint personnel as she pointed to a record production of two billion pieces of coins this past year.

Two shifts are in operation at the Denver Mint, she said, and a third could be put into action if necessary.

An outstanding maintenance crew and a fine machine shop were described by Mrs. Schneider. Smooth-running operations are due to the excellence of these workers, she said, who make repairs on the spot, drawing replacement parts when needed from a on-the-job stock pile.

Ruble Gets Pared

The new Russian ruble was cut not only in value, but in size as well. Paper money is now the same size as United States notes, compared to the former size of five by ten inches.

A hidden message, full of mockery, can be read into these National Bank of Cuba notes, signed by a veterinary-communist bank president. The Cuban patriots convert his nickname-signature into a pun by inking a cross before the "Che"

so that the signature means "Kruchev," their way of indicating they know the real boss. The government has declared such marked notes as worthless, but the practice continues in even greater proportions.

Cubans Protest Communism . . .

(Continued from Page 1)

These lists show that before Castro handed the country to the Communists, Cuba had 427 million pesos in circulation; while up to the first of December, there were 900 odd million already in circulation; and without the least backing whatsoever.

From the small island of Swan, in the Caribbean Sea off the coast of Honduras, anti-Communist Cubans broadcast nightly to their homeland messages of hope as well as news and instructions to the Freedom Fighters and the embattled Cuban people in general.

In spite of ruthless countermeasures by the regime, these messages are widely heard. Recently — around September — this voice of democracy warned the people that the paper money is worthless and to hoard, therefore, all metallic coinage.

Within the next two months the shortage became so acute that now-a-days the banks in Cuba are forbidden to change notes for fractional currency except in exact amounts upon presentation of payrolls.

Recently the government has started printing paper fractional

currency to pay their agricultural workers, and the distress is so great that it has also printed chits to pay the sugar cane workers. These chits are only exchangeable at the government-run rural stores. A black market has sprung among the workers to change these chits (at a 40 or even a 50 per cent discount) for regular moneys.

Perhaps the most interesting items are the many bonds and receipts printed by the anti-Communist forces in values of \$1, 2, 5, 10 and 50 Pesos to finance the underground and Freedom Fighters in the mountains, specially in the Escambray Range in the central part of the island.

These bonds are printed by the different organizations and, beside the value, they bear the initials of the said forces: OA, MRR, MRP, MDC, etc. The money raised is used to purchase food, medicine and arms.

Possession of these bonds means, in the best of cases, im-

prisonment, but a decree enacted by the Red government about two weeks ago, carries the death penalty before a firing squad. In spite of these cruel reprisals armed insurrection is every day more widespread.

The Cuban people have always been firm believers in freedom and democracy and they have always had the respect and friendship of the American people. No other nation in Latin America has suffered a longer fight for their independence, and in this terrible struggle they shall win, as they have always won in their previous fights against indignity and oppression.

Former President Dwight D. Eisenhower, best expressed it when he announced recently the break in diplomatic relations. He stated clearly that this unprecedented step was not against the people of Cuba, but only against the government, and that he had "confidence and the conviction that the people of Cuba will soon be free again."

Proof Sets . . .

(Continued from Page 1)

according to Dr. Howard. He said at that time December orders were being filled in May.

Dr. Howard blamed the manufacture stoppage on the limited machinery capacity; he said three extended shifts worked around the clock to meet demands.

Orders are filled in order of their receipt at the Philadelphia Mint, beginning the first of November each year. All proof sets are struck at the Philadelphia Mint.

Numismatist - statisticians will be interested in proof set manufacture figures for a 10-year period, as a visual indication of the growing interest:

Ohioans To Hold Display

Displays of Civil War material will be featured at the next meeting of the Columbus, Ohio, Numismatic Society, to be held at the Neil House on February 13.

Other future plans of the society include a major auction on March 13, also at the Neil House, with all interested persons invited to attend.

At the January session, the 1961 officers were installed. They included Charles Hoff, president; Dr. Alois Dvorak, vice president; Mea Cooperider, secretary, and John Foster, treasurer.

Exhibits at that meeting were numerous enough that barely enough space was available for them, according to reports from the club.

Ottawa Club Changes Date

The Ottawa, Ontario, Canada, Coin Club has changed its meeting date from the second to the third Monday in the month, according to a report from the club, in its January Bulletin.

Time for meetings is 8 p.m., and the place remains the same, the Public Archives of Canada on Sussex Street, next to the Mint.

Also reported are the new 1961 officers of the club, with Dr. C. M. Dent as honorary president and H. R. Stewart as president. Other officers include:

G. E. Lloyd, first vice president; A. D. Graham, second vice president; J. E. Mac Phee, secretary-treasurer; P. Degraaf, Bulletin editor; and E. C. Forrest, Mrs.

N. J. Slater, R. H. Whitehead, S. Turk and A. E. H. Petrie, board of directors.

The Bulletin quoted from an ad in a monthly numismatic publication: "Would you like to have a 1943 copper cent? For a collector's gag, we will beautifully copper plate your 1943 steel cents." The Bulletin's comment:

"Collectors despise ads of this sort as they certainly encourage counterfeiting. Perhaps some of the counterfeit copies around could be traced back to this dubious source."

Magill Elected Juniata Valley Head

New officers for 1961 of the Juniata Valley Coin Club of Altoona, Pa., are headed by Ed Magill, Duncansville, as president. Other new officers include:

Frank Corrado, Juniata, vice president; Bruce Bowser, Altoona, secretary; Tom Mangus, Lakemont, treasurer; T. E. Zoller, Altoona, Bulletin editor, and Jim Iuzzolini, Jack Parker, Harry Cohn and Al Goddy, board of directors.

Johnson President

Of Iowa Organization

New officers for 1961 of the Tri-County Coin Club of Perry, Iowa, are headed by Glenn Johnson as president, according to a report from the secretary.

The other officers include Edward Foltz, vice president, and Harold Coleman, secretary-treasurer.

medallions, of half-dollar diameter but substantially thicker than the standard half dollar, is \$3.25 singly, or \$6 for two, postpaid and including a descriptive folder.

They are available directly from Heraldic Art, Box 5891, Cleveland 1, Ohio.

The American long rifle, which originated in Pennsylvania Dutch country (though popularly known as the "Kentucky" rifles), was a tremendous advance over the heavy musket or blunderbuss class of arm. The beginning of its development is traced back to 1710, when the skill of the newly arrived German gunsmiths was fused with the practical knowledge of the frontiersman to originate a weapon tailor made to wilderness conditions.

Greatly improved accuracy and

range, silent patch loading in place of noisy hammer ramming, a lighter arm, and, more importantly, lighter ammunition, making it easy to carry an ample supply of powder and ball, all these factors made it possible for the pioneers to secure game for food, control predatory animals and hostile Indians in order to cross the Appalachians and move west into the wilderness.

In the Revolutionary War, the superiority of the long rifle over the British musket was no small factor in the final outcome.

The Conestoga wagon also originated in Pennsylvania, where there had been built a more highly developed network of roads than in other colonies. But the 18th century pack horse, cart or flimsy wagon could never have handled the great movement of families and goods needed to settle the vast spaces of the new lands.

The sturdy Conestoga, develop-

ed in 1760, was the true bulk carrier so urgently needed. Broad-wheeled tires to negotiate rough trails; capacity of from four to six tons of freight carried in a curved bottom to prevent load-shifting, and the protection of stout hempen covers drawn over high bows, all earned this most useful design over a century of service, well into the railroad era.

If the inventiveness of particular individuals was responsible for either of these innovations, their names have been lost in history. Nonetheless, both played a vital role in the development of the country.

Club To Pick Official Name

The second meeting of a newly organized coin collectors group in Saline County, Mo., was scheduled to be held on Wednesday evening, February 1, at 7:30, in the basement of the MFA Livestock building at Marshall, Mo., the old telephone building.

At this session, a name was to be chosen for the group. The club is not limited to residents of Saline County, but open to any interested persons, according to Vincent Hagedorn, Marshall, who was elected secretary-treasurer at the first meeting.

Other officers chosen at that time included Barney Burks, Slater, president; and Heinrich Klinge, Marshall, vice president. Present were 12 collectors who became charter members of the organization.

Utah Club Chooses '61 Club Heads

Officers of the Utah Numismatic Society of Salt Lake City for 1961 have been announced by the club, headed by Joe W. Plant as president. Other officers include:

Robert E. Glade, vice president; Joe W. Sterner, secretary-treasurer; David P. Sugden, curator; Dee Bradshaw, librarian, and Norman Shultz and Karl C. Dean, directors.

The society is offering a bonus for promptness in paying 1961 dues, a crisp uncirculated Japanese Burma Invasion 1-rupee note, donated by Norman Shultz. It also has a by-law stating that dues must be paid during the first three months of a year, or the member will be dropped.

Special awards are given for promptness in attendance at meetings, and the society also offers a "Buy of the Month" to members.

Whittier Club Holds Contest

As the new Whittier, Calif., Coin Club, the old Santa Fe Springs organization enrolled 12 new members at its first meeting in Whittier in January, according to a report from the club.

A membership contest is now on, with a prize to be awarded to the member who sponsors the most new members by the end of March. The prize will be donated by vice president Al J. Castiglia of Long Beach.

Next meeting of the Whittier Coin Club will be Friday evening, February 10, at 215 West Hadley Street, Whittier, starting at 8 o'clock. Doors will open earlier, and auction material should be in by 7:30, club officials said.

Newton Show Big Success

Attendance of more than 1,000 at the first annual Coin Show sponsored recently by the Newton, Kansas, Coin Club far exceeded expectations and made it one of the club's most successful events, it was reported by Mrs. H. P. Dick, club secretary.

Displays included complete sets of current series, gold type set, proof sets, commemorative half dollars, type sets from before 1800 to the present of dimes, quarters and halves, pictures of the early U.S. Mints, Spanish milled dollars, Civil War tokens of each metal used, and foreign coins, all exhibited by Mr. and Mrs. Earl Phillips of Newton.

Duane Zurcher, Whitewater, Kansas, president of the Newton club, showed Civil War tokens, and Milton Landrith, Wichita, showed Kansas paper money.

Bourse tables were occupied by 35 dealers, Marvin Withers, Pratt, was club advisor for the show.

The Limited Kansas Medal

Dr. Leland F. Howard has held the position of Assistant Director of the Mint through three presidential administrations. The Kennedy term is the beginning of the fourth. As the highest Civil servant within the Bureau of the Mint he speaks with some authority.

Dick Johnson

Dr. Howard has repeatedly given the following as one of the reasons why commemorative coins are no longer struck by U.S. mints: medals adequately serve the purpose to commemorate any noteworthy event. The Kansas Centennial medal is an excellent example of why this reason is no longer valid.

The Kansas medal was struck in a very limited issue—20,000. According to the Centennial commission, this number was imposed by the Bureau of the Mint.

Striking a medal with such national significance, as any state centennial is, in such a low quantity is the same as the low mintage commemorative halves back in the thirties which gave rise to the commemorative coin scandals.

A state centennial medal or commemorative half dollar should be made available to anyone who can purchase it within the time available for its sale. Certainly not in a limited issue of 20,000!

The hundredth anniversary of the state of Kansas deserves a commemorative half dollar as did Illinois, Maine, Missouri, Alabama, Vermont, Maryland, Texas, Connecticut, Arkansas, Delaware, and Iowa. Every state deserves a centennial commemorative coin.

It deserves not one, but several medals, each portraying a different feature of a state's growth and history. Again, the medals should be made available in such a quantity as to give every interested person an equal chance to obtain one.

The Kansas Centennial commission lost no time in capitalizing upon the limited issue. And I don't blame them. It makes their job much easier. You may read about applications being sent to 596 banks and trust companies throughout the state of Kansas, but believe me, this only adds more allure to buying a limited issue. Now everyone will want one who wouldn't even think of owning a centennial medal before.

The unfortunate thing is that unknowing persons will toss these works of art into dresser drawers and be worn smooth by the time they reach some collector's hands many years hence. Collectors are the ultimate custodian of all coins and medals!

It is unfortunate the Kansas Centennial commission refuses to sell these medals outside the state. There are many people all over the world who would appreciate these art pieces. And I speak not as an outsider but as a former Kansas resident.

In the past it was a difficult job to completely sell out a special issue of medals. It was necessary to promote and advertise a souvenir medal rather extensively; it was necessary to buttonhole people into buying large lots. Even then a number remained unsold to plague the financial committee of some centennial or exposition or fair board.

Today this is no longer necessary because of the tremendous number of collectors. Their appetite for new coins and medals is insatiable!

To the Kansas Centennial commission I would like to state this: Satisfy the demands of your officials first, then open the sale of the Kansas medal to everyone. Don't let state lines bind you. Ration if you must, but give everyone an equal chance. Let all Americans share in celebrating your centennial.

To the Bureau of the Mint I would like to state this: reconsider before issuing a short issue of medals in the future. If your capacity for producing medals is limited, let your engravers make the die and contract for the striking of the medals in private industry. You needn't be too concerned with cost. Collectors would just as soon buy a five dollar medal as a one dollar medal—if it is from . . . the U.S. Mint!

Letters To The Editor

I have been a collector since I was a boy, over 50 years. I have never enjoyed a numismatic publication as much as I have yours. I still have one of Thomas A. Elder's catalogues issued in 1913.

Your articles on robberies I think are making coin collectors more careful how they keep their coins and currency. The trouble is with a hobby one likes to enjoy it at home.

When you keep it in a bank vault for safety you just have to think about it.

I keep mine in five boxes in two banks. Couldn't get five boxes in one bank. People come here to see a set of cents or dollars and I don't have them at home.

I exhibited at the annual convention of the Northwest Coin Club in Minneapolis. I was worried from the time I left home till I got my coins back in the bank. I took my complete half dollar collection. First time I ever had it exhibited and took a first prize on it.

I had it insured in five figures but if I lost it I couldn't replace some of the coins; several are very rare die varieties.

If something isn't done soon about the coin robberies there will be very few exhibits and even dealers will be bringing very little or they may not even show up. Conventions will be just a meeting of collectors with nothing to show or sell.

I am pleased with your announcement concerning the addition of circulated coin listings in the Trend section of your paper.

Charles F. Spence
Malvern, Ark.

It is with pleasure that I receive . . . Monday's mail and my "Coin World." Let me say this one thing: It is money well spent for the value that is sent.

I have enjoyed it very much and I like the coin market trend page. I say that your paper is as good and better than anything I have read.

I am sorry that a certain club member had so much to say—a regular tirade. There is one thing that he made me glad of, and that is I don't belong to his club. I noticed that one of his own club members surely did set him straight.

Robert C. Weagle
Lakeland, Fla.

Just a note to tell you how much I appreciated that fine article by Hans Schulman about auctions and auction bidding. I have bought at auction over many years, and never did know this much about it!

Lauren Benson
Davenport, Iowa

After following the progress of the publication, "Coin World" these past few months there appears to be every indication that they will be able to fill a long felt void in the world of numismatics.

Weekly publication means that we are kept up to date; the wide variety of subjects touched upon provides news of interest to all, and is not overshadowed by an excess of advertisements. It is hoped that the publishers will continue to think in terms of Mr. Average Collector.

Don't let anybody kid you about your ads! They do bring results! A few weeks ago, I advertised a Mercury dime set and didn't get a single inquiry. Last week, I ran an ad offering BU Confederate Centennial halves for one dollar and the mail is coming in by the handfuls.

Absolutely, we are filling orders until midnight every day for this commemorative, and this is the early response from the South and East. The Mid-West and Far West have not been heard from yet, but we're anticipating the same response. It is like you said, it isn't the mere presentation of the ad, but the merchandise offered that gets the results.

Thanks many times over for a wonderful paper!

Enclosed is a check in the amount of \$5. . . . I wish to become a subscriber.

By reading an article in your weekly newspaper concerning the 1955 double-struck, Lincoln cent I was fortunate to have found one of them.

As they say in baseball, "you can't tell the players without a score card." This also applies to coins. Thank you.

Enclosed is a check for \$3 to cover my subscription renewal. I've only received about four issues so far from my Numismatic Advertiser subscription and I already don't know how I ever got along without it. I take two other publications in the coin field and this would be the last one I would want to stop. In fact, I did stop one in order to take this one. I might have subscribed before except from the name I thought it was about foreign coins only.

Jim Lyons
Menlo Park, Calif.

I thought I would just write you a memo on the wonderful progress that you have made over the course of the past few months.

I recall the Coin World when it first came out, being only one double page and to see the growth, shows a very healthy sign not only in the numismatic field, but for efficient management on your part.

Because of the faith that the dealers and coin collectors have in you, the results in an increasing publication is your reward.

I am always interested in trends of today's coins, and find Jim Kelly's column in the "Coin World" very interesting. More interesting to me are his personal comments preceding the list of coins.

The December 22 issue was of special interest in that he was able to use his important position to bring out the basic truths of Christianity and adapt them to numismatics.

I wish there were more men of his calibre who are not ashamed of the message of Christ and its principles being lived throughout

the world.

God bless you and keep up the good work.

It's thanks to you and your staff for the excellent report and publicity as regards National Coin Week. I am sure that your explanation of the point system will save us a lot of letter writing to explain to all just how it is done. Your cooperation is most gratifying and will certainly prove most valuable to all of us.

Dolly-Maude Harris
Chairman,
National Coin Week
Austin, Texas.

I have been intending to write and compliment you on the quality of the Coin World, which is improving with every issue. I feel I am qualified because I am a newspaperman myself — Harrisburg correspondent for The Pittsburgh Press.

Kelly's Trends feature alone is worth many, many times the subscription price—and anyone who is interested in numismatics who doesn't take advantage of this weekly analysis must have rocks in his head. And now that you are expanding the feature to give us a rundown on key circulated coins, it's going to be even more valuable.

As to pulling power, I have run only a few classified ads in the Coin World and the response has been little short of spectacular.

So you have my good wishes—you're certainly doing a Grade A job for all of us out across the nation.

I have one constructive suggestion for your advertisers. When a coin is cleaned, spotted, pitted or otherwise undesirable in any way, please say so and thus cut down on returns.

L. R. Lindgren

My last small ad brought in more mail than I ever dreamed. Your paper is tops and I have watched it grow right from the start.

Albuquerque Club Hears Fakes Talk

Members of the New Mexico Coin Club of Albuquerque heard John Ross, club member, discuss "Fake Lincoln Cents", at their last meeting. Included was a warning to "beware" when buying "key" coins.

The club holds an auction at each monthly meeting. It also has a special "Bargain Board" on which are placed coins for sale by the individual members at stated prices.

Mrs. Ralph Fitz represented the club on the Mary McDonald show broadcast over radio station KOB recently.

Discussion centered around the questions, "What makes a coin valuable?", "How long have people been collecting coins?", "Technical name for coin collectors", "What are the activities of a coin club?", and "What famous people collect coins?"

Mrs. Fitz is the vice president

of the New Mexico club. Miss Opal C. Johnson is secretary, and Gale W. Hughes is treasurer. The vacancy caused by the death of President Roland O'Trimble has not been filled.

Coins Concentrated

The 1921 peace dollar was minted entirely in the last week of December, 1921, and not released until 1922.

CARSON CITY MORGAN DOLLARS
All Strictly Uncirculated

The 1885 Carson City Dollar with a mintage of only 228,000 is the fourth smallest mintage of all Silver Dollars from 1878 to 1935. To own one of these in strictly brilliant uncirculated condition for only \$15.00 is one of the scarce coins all collectors should have; and to own a roll of 20 with an investment of only \$225.00 should not be overlooked by all investment minded collectors.

For comparison the 1889-CC Dollar, total mintage of 350,000, is now selling for \$150.00 each; the 1892-CC Dollar, mintage over one million is selling for more than \$20.00 each; and the 1879-CC Dollar, with 756,000, has a price tag of about \$85.00.

Our Special Price for the set of six 1880 to 1885 is \$59.50. The proof-like CC Dollars listed below have a beautiful mirrored field.

Please keep in mind that all these Dollars are strictly Brilliant Uncirculated Coins and the ten different dates listed below are certainly well behind the spectacular rise in price of most desirable coins in the past year.

Colorado Club Names New Officers For Coming Year

Herman L. Boraker of Rocky Ford has been elected president of the Arkansas Valley, Colorado, Coin Club, according to a recent announcement. Other new officers include:

Howard Heise, Lamar, vice president; Mrs. Herman Boraker, secretary - treasurer, and Tom Pinnell, Manzanola, librarian. All were installed at the January meeting.

Also at the election meeting, Edgar Ford, Las Animas, read a paper dealing with the currency in use at the time of the settle-

ment of the West. He brought out that there were at least 17 different types of U.S. and foreign coins and paper money to be dealt with during the mid-1800's. It was not until 1857 that Congress outlawed foreign coins as legal tender.

At the December meeting, three new members were accepted, bringing the total 1960 membership to an even 100. The club was organized in 1948.

The January session was held at the hospitality room of the Southern Colorado Power Company, in Rocky Ford, at which time the annual dues of \$1 were payable.

At this meeting, the attendance included 21 members and seven guests of whom three joined the club; Mr. and Mrs. Curtis G. Watson and Albert Heminger, all of La Junta.

Heise read excerpts from articles published in Coin World dealing with preparing informative and attractive numismatic exhibits, and a discussion followed regarding local club exhibits.

Club members decided to have their monthly displays judged with a prize given for the most outstanding. Exhibits will be judged on a point system, with the person who accumulates the most points during the year to be awarded a special prize at the annual banquet.

It was also decided that the Arkansas Valley club should enter National Coin Week competition in 1961. It had placed second in 1951 and third in 1952 for class A clubs, with club president Herman Boraker winning an individual first in 1951.

Appointed to the club's National Coin Week committee were: Edgar Ford, Las Animas, chairman; C. T. Pollard, Pueblo; D. L. Wilson, Fowler; Tom Pinnell, Manzanola; Allen R. Smith, Rocky Ford; Curtis Watson; Damon Weeks, Eads, and Heise.

Towns represented at the January meeting included Pueblo, Rocky Ford, La Junta, Las Animas, Lamar, Eads, Fowler and Swink. The February meeting will be held in Lamar.

Club Meets Tuesday

The Lansing, Mich., Coin Club meets on the second Tuesday of each month, at 8:15 p.m., at the Tacoma Cafe, 214 East Grand River Avenue.

2x6 U.S. Proof Set Holder, No. 11, 5 openings, dated or plain.... **\$1.75**

ALL CAPITAL holders are made of Plexiglas, the lifetime plastic which will never fade or discolor. Each holder is made of three pieces of Plexiglas, the outer pieces being transparent, and the center piece in beautiful blue, red, or green transparent, jet black or milk white. All holders are titled in gold.

The coin openings are tapered and carefully sized to insure accurate fit of coins. Each holder is assembled with a generous quantity of plastic screws. The Proof Set holder is held with 6 screws.

(Pat. Pending)

CAPITAL'S NEW JET LINE

Beautiful all Plastic, Crystal Clear holder, for mounting your Proof or Mint sets in their original transparent Government sealed packets. Provision is made for sandwiching the packet of coins between two center pieces of plastic - either black or white - and then these are mounted in the clear transparent frame with six plastic screws. The overall size is 4 1/2 x 6 1/2. The center piece is titled in gold. This holder has been designed to give complete protection, holds the coins firm in their packet, and makes a beautiful display case.

Vancouver Club Changes Bulletin, Too

The Vancouver, British Columbia, Numismatic Society has come up with a new face on its News Bulletin, as well as a new name (see Coin World January 12).

Formerly, the Vancouver Coin Club produced its monthly bulletins with an ordinary duplicator, and the masthead carried the seal and the name of the paper in ordinary typewriter type. Its December issue was the last under the old format, and was Vol. 3, No. 10.

With the purchase of a Gestetner duplicator, the News Bulletin now comes out in black and white, instead of blue and white, but with large italic type in the masthead, "The Vancouver Numismatic Society News Bulletin", and the seal adds "Incorporated 1960".

With the new name, the paper is Vol. I No. 1, but carries also the label "series 2", in order to preserve the continuity with the bulletins of the Coin Club. Incorporation of the Society came immediately following the change in name.

At the last meeting, President Leslie Copan announced that the annual auction and banquet would be held April 22, at the Astor Hotel in Burnaby, B.C., and Robert Levy's application to conduct the auction was accepted by the membership.

It was also announced that the paid-up membership of the club as of December 31 had been 167.

Gordon Metcalfe of the Mt. Baker Coin Club presented a program on Hawaiian coinage, illustrated with colored slides. Following was the coin auction, highlighted by a bid of \$60 for a 1948 Canadian silver dollar in AU.

Kansas Club Plans Show And Auction

The Wichita, Kansas, Coin Club is sponsoring a Coin Show and auction, to be held on May 13-14, in St. Anthony's Community Center in Wichita.

Bourse chairman is Zeb Collins, 1121 Denker, Wichita 16. Marvin Withers, Pratt, is advisor for the show.

Trends Of Today's Coin Values

Barber 10c, 25c, 50c, Join Trends

By Jim Kelly

233 W. First St., Dayton 2, Ohio

The promised listing of circulated and uncirculated Barber design Liberty Head coins is included in this issue. Since it is impossible to include every grade, we have tried to group them so that they would be informative to the most collectors. There will no doubt be some errors as well as differences of opinion regarding the values of these coins, the same as it was on the first listing two weeks ago.

Jim Kelly

We appreciated the many letters which indicated that this revision was not only an improvement but another worthwhile service offered by 'Coin World.'

We were just as pleased to receive letters calling our attention to errors, and suggesting how to improve this department. You can be sure these will be given careful consideration in our future planning.

Incidentally, several of these errors were typographical and when called to Production Manager Watkins' attention, he remarked that it was amazing there were not more errors as the compositors in the newspaper plant had become so interested in coins, they were paying more attention to the articles and ads than to the job of setting and proof-reading.

This is just another example of the popularity and tremendous growth of numismatics in recent years.

Along this line, we might add there are definite indications that coin prices are again on the upward swing.

Our recent successful auction sale in Miami, Florida, January 13-14 was very well attended by collectors and dealers, as well as mail bidders, and prices and interest were considerably stronger than at sales held last Fall and early Winter.

Since this is in accord with the general economic picture of the country, I believe we can consider it the beginning of the upward trend. Some items are bound to be slow in regaining their popularity but we believe we can look forward to an active coin market and higher prices.

Boone Elected Club Head

Francis R. Boone, president of the Excelsior Springs, Missouri, Coin Club at a recent meeting announced the progress on a current club project, sponsorship of an Excelsior Springs commemorative medal.

When final details regarding the medallion commemorating the 80th anniversary of the incorporation of Excelsior Springs are completed, as announced in Coin World December 1, information about obtaining copies may be had by writing the secretary of the club, at No. 107, 335 East Broadway, Excelsior Springs.

The local Chamber of Commerce has formally approved and accepted the idea of the medal, but neither the issue date nor selling price have been definitely established, according to the coin club secretary.

Boone hopes to have a "mintage" of 10,000 "coins", to be placed in circulation in Excelsior Springs by May 1. To be the size of a half dollar and cast in golden

bronze, the Chamber of Commerce guarantees they will have a trade value of 50 cents each until May 31, 1962.

These commemorative medallions are expected to have a numismatic value, also, as did those issued for the city's golden anniversary, in 1931, only one of which Boone has been able to locate.

Club To Concentrate On Numismatic Study

"Numismatic Education" has been set as the theme for 1961 of the Downriver Numismatic Association of Wyandotte, Mich., according to a report from club officials.

The group has reached a total of 130 members since its founding in 1955. It is now in process of reorganization. Meetings are held the first Monday of each month at Spry Hall, Euruka and 5th Streets, Wyandotte. Dick DeBolt is president.

MONTGOMERY, ALABAMA CIVIL WAR CENTENNIAL CELEBRATION HALF DOLLAR

On Oct. 12th a special 50c piece was circulated for use in Montgomery during the Civil War Centennial Celebration. The coin, gold in color, slightly larger than a standard half dollar, features a replica of the Confederate half dollar on one side. Although issued in small quantities we were able to secure a small supply UNCIRCULATED and offer them at

Traveling Numismatists Are Honored

In recognition of their devotion to numismatics, expressed by their traveling 200 miles to attend meetings, Mr. and Mrs. F. J. Hulton were elected to the board of directors of the Nickel Belt Coin Club of Sudbury, Ontario, Canada, at its January meeting.

The Hultons live in Parry Sound, more than 100 miles from Sudbury. They attend the bi-weekly sessions, and bring with them several junior members from their community.

Another traveler is R. C. Willey, F.R.N.S., immediate past president of the club and Assistant Editor of the Canadian Numismatist, who travels some 60 miles every two weeks for the club meetings.

Other officers elected in January included George Furchner, president; Martin Stalker, vice president; Vince Cosgrove, recording secretary; R. G. Boudignon, corresponding secretary and treasurer, and to the board of directors, E. Ranatala, and T. Holter.

The January session began the club's 5th year of operation and its 88th consecutive meeting.

Kemp To Head Fort Worth Club

More than 100 members and guests attended the first meeting of the new year of the Fort Worth, Texas, Coin Club, held at the Texas Hotel. Newly elected officers took over. They included:

Weldon Kemp, president; M. E. Moser, vice president; Mrs. J. C. Jenkins, secretary; Mrs. L. J. Robinson, scribe; Eliot Cashdan, program; Willard Jackson, auctioneer; Dr. F. E. Garrison, welcome; J. K. Minter, sergeant at arms; and Eddie Parrish, Mike Brownlee, E. E. Paschal and M. E. Throop, directors.

Roy Jordan gave a talk on "Crowns of the World", illustrating from his collection. The meeting closed with an auction.

Nickel Under Million

The 1926-S Buffalo nickel was the only one of the series with under one million mintage.

New Shop Opens In Angola

Collectors in the Angola, Ind., area have a new coin shop for their convenience—Clair H. Stukey has announced the opening of a shop next to the Angola Post Office, with a mail address of Box 209. Stukey, who has been a collector 20-years, says he has acquired quite a stock. He will deal in U. S. coins and currency and carry a complete line of numismatic accessories. A member of the American Numismatic Association and the Indianapolis Coin Club, he has displayed some of his choice items at national conventions. He invites his fellow numismatists to stop in and see him.

Canadian Cent Club Program

Members of the Skagit Valley Coin Club, of Sedro-Woolley, Wash., had as their January program an auction and a slide set, "The Story of the Canadian Cent", produced and narrated by members of the Vancouver, B. C., Coin Club, and shown in the United States for only the second time at this meeting.

Also at the meeting, two new officers were elected, Buck Wilkins, president, and W. Cavens, treasurer.

Included in the auction lots were such coins as: 1909-S fine, 1909-S vdb fine, 1910-S through 1915-S, all fine or better; 1922-D very fine, 1924-D fine, and the like.

MATTINGLY'S ROMAN COINS

There has long been a need for a book on Roman coins, that covered this subject completely. Now the distinguished numismatist, Harold Mattingly, has authored a book based on a long study of this subject, covering the earliest times to the fall of the Western Empire. Written in simple style, with 64 collotype plates, this unique book supplies a special need. For specialists and non-specialists alike.

Schulman Reports

Florida Convention, New Gold Order Topics

By Hans M. F. Schulman

Foxie Steinberg arranged one of the most entertaining conventions I have ever attended. He should be complimented for having arranged a full program and all of the many participants had a wonderful time. Among the foreign coin specialists present

Hans Schulman were Lew Werner, F. K. Saab, Andy Kelpsh and Cathy Bullowa, having with them beautiful rarities. I noticed among the foreign coin collectors Nate Shapero and Louis Eliasberg mingling with a large crowd of U. S. collectors.

Irving Moskovitz again had the most beautiful exhibit but something new had been added—several telephones were available for the purpose of listening to a tape recording which explained in high-

ly technical numismatic terms what was being seen of the Moscovitz exhibit.

Our editor, Dick Johnson, was a most popular guy. We missed Shirley; but she will present our editor with an heir soon. This will enable our great-grandchildren to read Coin World, also.

The captain of the numismatic ship, Admiral Dodson, attended, accompanied by his charming wife, Polly. Oscar Dodson, President of the American Numismatic Association and at present curator of the Money Museum at the National Bank of Detroit, former professor of history at the University of Illinois, president of 30,000 coin collectors strangely enough has time to listen to almost anyone in this numismatic fraternity; yet he is always pleasant with all.

Sol Kaplan, president of the Professional Numismatic Guild, organized a delightful cruise which we all enjoyed.

Every state was represented. I was happy to see the A.N.A.'s advertising manager, Mr. Freeman and his charming wife. Jerry Cohen of Beverly Hills showed off his beautiful sale catalogue for February 16 through 18 at the Waldorf in New York while Abner remained in Beverly Hills taking care of all the many preparations necessary before an auction of this size.

Maurice Storck helped with organizing the night club tour and also added quite a few people to the chartered trip to Rome in September. That trip will be filled up shortly because 50 people gave their tentative adherence. More about the charter in a few weeks.

I was happy to see Mel Came and Max Kaplan being gay and cheerful even after their great losses. There were many security men available to protect us at this convention.

The roof-garden with its swimming pool and the beautiful restaurant on the roof made this convention very cheerful—and although the weather at first was not too good, it was beautiful afterwards.

I predicted on January 5 the government's order of January 15, forbidding the holding of gold by Americans. Nobody had given me a tip nor did I get a news item. This was pure common sense and a clear deduction of events. This had to be done and still more measures would help our country and will eliminate that any discredit would come to our numismatic profession.

The order of forbidding the holding of gold abroad is not known to me in its exact words at this very moment. But if coins are exempt or not and if gold does not include gold coins at all is immaterial. We, as a coin fraternity, we as numismatists, either professionally or purely as a hobby, do not want our collection of coins held abroad in bank vaults. We keep our collections near us; we like to show them; we are proud of them, even if we have

Kansas City Officers Installed

Officials who will guide the destiny of the Kansas City Numismatic Society for 1961 are, front row, left to right, Elmer Tobin, corresponding secretary; Mrs. Pat Dixon, historian; Ken Winterowd, treasurer; back row, left to right, Galen Whitt, secretary; Hart D. Mayer, first

vice president; Don Hatfield, president; Jim Dooley, sergeant at arms, and Homer Marmon, second vice president. They were installed at the organization's second annual Christmas banquet.

Don Hatfield was formally installed as president of the Kansas City Numismatic Society at its

second annual Christmas banquet, held at the Embassy, 4749 Pennsylvania, in Kansas City.

"We are confident that our new president will lead our club towards the goals we hope to reach," said club officials as they paid tribute to the outgoing president, Hart D. Mayer.

The charter president, Mayer has headed the group for two years and has been successful in building a fine organization, according to the membership.

There are 56 regular members, 20 associate members and at the present time a junior club for young people below the age limit of regular membership is being formed.

J. Stanley Levitt was the master of ceremonies and installing officer at the banquet. Others taking office with Hatfield were:

Hart D. Mayer, first vice president; Homer Marmon, second vice president; Galen Whitt, secretary; Elmer Tobin, corresponding secretary; Ken Winterowd, treasurer; Mrs. Pat Dixon, historian, and Jim Dooley, sergeant at arms.

Levitt and his wife, Harriet, presented an entertaining program following the installation.

Sacramento Club Hosts For Orphanage Yule Party

Members of the Sacramento Valley, Calif., Coin Club have had a busy time the past two months, with installation of officers in January, and playing host to 145 children from three Sacramento orphanages at a Christmas party in December, according to a report from the club's corresponding secretary.

One of the few clubs to do so, the Sacramento group elected a woman as 1961 president, Mrs. Francis Ferderer. Vice president is Dwight King; treasurer, Mel Miller; recording secretary, Mrs. Evelyn Williams, and corresponding secretary, Darvin Reising.

Enjoyment for the children in December was helped out by fire engines, and a visit from California's Governor Edmund Pat Brown. The firemen transported the guests from their orphanage homes to a central hall where they were treated to a tur-

key dinner, complete with party hats and favors.

Following the dinner was four hours of entertainment, from dance teams to magicians, climaxed with Santa Claus who handed out three individually wrapped and tagged presents for each child, with the cooperation of city merchants and the club treasury.

The Sacramento Valley club meets the second and fourth Tuesdays of each month at 8 p.m., in the American Legion Post 61, 15th and H Streets, in Sacramento. Visitors are welcomed.

Trip Through Mint Movie Club Program

The Evansville, Ind., Coin Club was scheduled to see the United States Treasury sound movie, "A Trip Through the Mint" at its January meeting.

Also on the program were talks on "My Favorite Coin" by James Wickers, Bobby Getty and Johnny Schroeder, and discussion of the Indiana State Convention for which the club will be host in May.

Meeting Date Changed

Monday, February 6, has been set for the next meeting of the Norwalk, Calif., Coin Club. The January session, scheduled for January 3, was cancelled because of the holidays, according to a report from Harriet Hawkins.

Coin Test

1—Who designed the Lincoln Memorial on the reverse of the 1909 and later Lincoln cents?

2—When was the last "S" Mint nickel struck?

3—At what mints were 3-cent silver coins struck?

4—How many different years were 3-cent nickels minted for circulation?

5—In what year was the first coinage by the U.S. Mint?

Kalvert K. Tidwell, officer of the Waco, Texas, Coin Club, is shown with the club's display, part of the city's recent Civil War Centennial exhibit.

Clubs Make War Exhibits

Members of the Waco, Texas, Coin Club joined with four other groups to put on a Civil War Centennial Exhibit in January, at the

First Federal Building in Waco. An estimated 5,000 people viewed the display during the week it was scheduled.

Six cases of numismatic material were placed in the exhibit by the Waco Coin Club. Local newspapers contributed space for news stories, and the showing was advertised. Special invitations were sent to all history teachers in the area to bring their pupils.

Missouri Trio Takes Office Before 1961

The president, secretary and treasurer of the Missouri Numismatic Society of St. Louis took office early—before the January election—because of death and resignation.

In November, Mr. and Mrs. John S. Stevenson were elected treasurer and secretary, respectively, replacing W. G. Arnold who held both positions prior to a serious fatal illness.

In December, President Stanley B. McClintock Jr., had to resign because of a change in job location, and Edward Boehme Sr., was elected to succeed him.

Remaining 1961 officers were chosen at the regular appointed time, the January meeting. They include:

Albert H. Wick, vice president, succeeding Boehme; and Tom Elder and Charles Page, board of governors, succeeding Wick and Stevenson. Continuing members of the board are Joseph Rataj and Christian Schlather.

The Society reports adding 31 new members since November, and attendance at the last three meetings as being well over 100.

Frankfort Club Holds Election

Headed by John Redjives of Richfield Springs, as president, officers for 1961 have been elected by the Frances E. Spinner Coin Club of Frankfort, N. Y. Other new officers include:

Robert Feuerstein, Ilion, vice president; Walter Ludwig, Frankfort, treasurer, and Robert E. Jones, Sr., Frankfort, secretary.

The club meets on the first Tuesday and third Monday of each month at the Citizen's National Bank of Frankfort. Information may be obtained from the secretary at 326 Second Avenue, Frankfort.

New Canadian Club Formed

First officers of the Stratford, Ontario, Canada, Coin Club, recently organized, have been announced, headed by Ed Anstett, Stratford, as president.

Other officers include Douglas McIntyre, Stratford, vice president; Mrs. Elsie Camden, St. Pauls, secretary, and John Anderson, Stratford, treasurer.

The club meets on the third Monday of each month at 8 p.m., at St. Joseph's Parish Hall, Huron Street, Stratford.

GOLD! GOLD! GOLD!

As of the date of this writing, gold has advanced 5 times in the last 30 days. Since the Government has forbid the holding of gold bullion, investors have turned to gold coins. At the same time there is serious speculation that the price of gold will be raised. We hope we can hold these prices and will do our dead level best to deliver at the following prices. We definitely advise purchasing gold as we believe there is a good chance for the price of gold to be raised above \$35.00 an oz. We have a good supply on hand but can no longer offer special dates even at a premium. These coins are common dates of our choice. Add sufficient amount for postage and insurance.

PRESENTING A NEW KIND OF COIN BOOK FOR ALL COLLECTORS, INVESTORS AND COLLECTOR INVESTORS!!

UNCOVERED

The prices of uncirculated U.S. Coins for each separate year since 1935!

A fascinating year to year history of coin prices that will open your eyes!

Learn what the yearly price change percentage has been on each coin. Many surprises in figures revealed!

WHAT WILL YOUR EXPENSIVE COLLECTION, YOUR COIN INVESTMENTS, BE WORTH IN THE YEARS AHEAD . . . WHAT ARE THEIR "MATURITY" DATES AND VALUES?

For the first time this priceless data is made available in "The Profit March Of Your Coins From 1935 To 1968." Here you will find a scientific and accurate scale of future values based upon what each coin has done in the past. Up until now such predictions were based on the mere pulling of a hypothetical figure out of the air. You'll see how coin prices change over the years, the price change percentages, coinage totals, projected prices from 1961 to 1968, comments on the future . . . on each and every uncirculated coin, roll, or proof set.

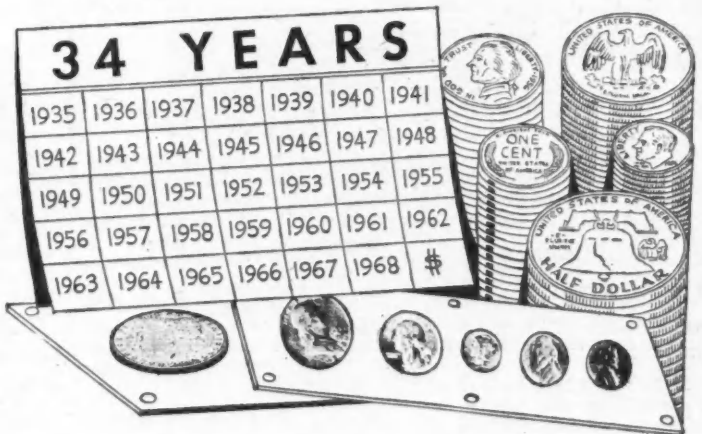

Reading this guide will leave you with a new respect for your investment.

You'll see what the prices were back in 1936, 1945, 1950 . . . or any other year! How they have changed, startlingly, in the thirties, forties and fifties . . . and what they will be in the next four or eight years!

Up until now, the factors involved in coin futuristics have not been presented so there has been no yardstick with which to measure the possibilities. Now revealing pages mathematically prove that most investments in coins will, regardless of present confusion, produce future yields that will far exceed expectations!

Not only the coin investor, but the collector should have this guide

in his possession! Collections have a way of growing and growing until they represent a tremendous investment. If you have such a valuable collection or have set aside rolls, you should know how long it will be before your coins are worth a certain amount of money . . . enough, perhaps, for college educations . . . travel . . . emergencies . . . or even partial retirement (it has been done). You'll get the answers when you have this unusual book before you. You will be shown the individual price pattern of each coin, the length of each cycle and the frequency of change. With this set pattern you can observe how long the upsurges and the downsurges lasted in the past and govern future actions accordingly.

"THE PROFIT MARCH OF YOUR COINS FROM 1935 TO 1968"

LEARN WHICH COINS ARE LIKELY TO INCREASE IN PRICE FIRST. WHICH WILL OFFER THE BEST SECURITY OVER THE YEARS.

Inasmuch as the past is but a mirror of the future, it would behoove any coin collector or investor to seriously review the past price history! Such records have always been available in other investment

fields! Now for the first time you have the same opportunity! Don't guess or worry any longer because of a lack of investment knowledge!

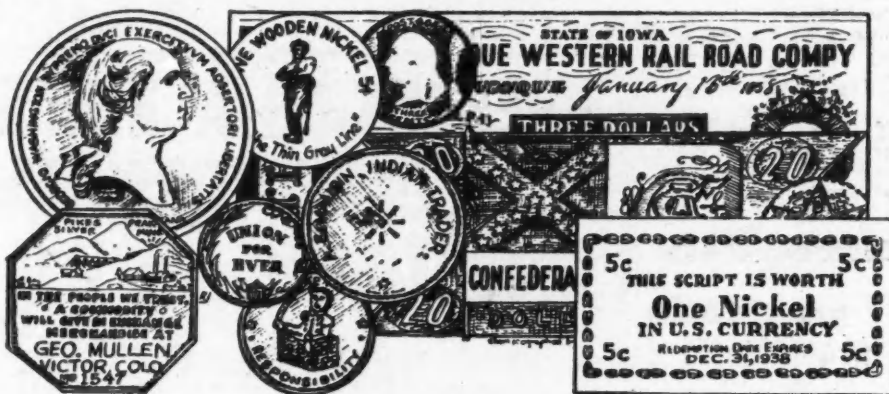

GET THE FIRST AND ONLY GUIDE OF ITS KIND!

An important event in the coin collecting and investing field. Dealers: write for quantity prices.

Appalachian Clubs Meet On March 25

The Appalachian Confederation of Coin Clubs will hold its semi-annual convention on Saturday, March 25, at Newton, North Carolina, with the Piedmont Numismatic Society of Newton as host. The meeting will be held at the American Legion Building, U.S. 321 by-pass. The Confederation serves a five-state area which includes Virginia, West Virginia, Kentucky, Tennessee and North Carolina.

Bourse tables will operate throughout the day and evening. Tables may be obtained free of charge by contacting Dr. James D. Cochran, Jr., Box 468, Newton, on a "first come, first served" basis, as long as space lasts.

Free parking space and refreshments and meals are available close by, according to the Piedmont club's announcement. Ample motel accommodations are also assured.

The convention will get under way at 9 a.m., with a business meeting scheduled for 11 o'clock. This being a regular meeting night of the Newton club, an auction will be held at 8 p.m., following the close of the Confederation's convention.

The Romance of MONEY

By Ted Hammer

One of the first coins minted in what became the United States was the pine tree shilling of Boston Towne. Although minted for 30 years, it continued to have the original date of 1652. There was a reason for this "deception." A colonial coinage was needed desperately but England made no provision for striking coins in colonies. Also, she did nothing to alleviate the intense need for coins. The people of Massachusetts did something about it—they authorized establishment of a mint. The famous silver pine tree shilling is the result.

Charles II disapproved of the issue and ordered a halt to minting operations. Instead of ceasing operations, mintmaster John Hull merely continued striking coins with the same date.

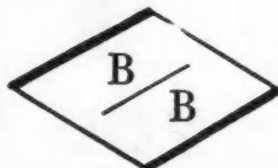

First coin turned out by the Boston mint was a New England Shilling. This was a mere disc about the size of our quarter, with the letters NE at the top of one side and the denomination XII at the top of the other. These stood for New England and 12 pence. Simplicity of the design made it easy to counterfeit the coins and also to file off bits of metal that could be melted down and sold. The "tree" design followed. The central portion of the design was

the pine tree, with the word "Masathusets" around the border. On the other side, the date 1652 was placed in the center with the denomination XII under it, and with the words New England around the border.

First pine tree coins were stamped on wide thin planchets (plain discs). The later issues were narrower and thicker, in imitation of English coins.

The mint also turned out silver coins of two pence, three pence and six pence. There likewise, were designs of willow trees and oak trees. The two pence, with oak tree design, is dated 1662.

Dealers offer the shillings and some of the others at \$25 to \$35 in fair to good condition. Those classifying higher (a better state of preservation or showing less wear) sell at considerably more. The coin has not attained the wide popularity it deserves and the demand never has been great. If there were any demand for the coins, the price would be much higher, since they are scarce.

Union City Holds Show

More than 1,000 visitors attended the recent one-day Coin Show sponsored by the Union City, Ind., Coin Club, according to a report from the show chairman, Frank W. Williams.

First prize in exhibits was won by Frederick C. Claffey, Indianapolis, with United States and foreign gold coins and proof sets and rare and uncirculated mixed coins.

Other outstanding displays were made by Dr. Harvey White Farmland, Ind., and Frank Spradling and Danny Wigger, both of Union City, who showed paper money and old half dollars, respectively.

Bourse tables were occupied by 18 dealers. Clubs represented by visitors included the Old Fort Coin Club, Ft. Wayne, Ind.; Tri-County, St. Mary's, Ohio; Lima, Ohio; Farmland, Ind.; Anderson, Ind.; Portland, Ind.; Decatur, Ind.; Dayton, Ohio; and Muncie, Parker and Winchester, all Indiana.

This was the Union City club's first Show, and members reported themselves quite satisfied with its success, due to hard work by the officers and good advance publicity in Coin World and elsewhere.

Membership in the Union City club totals 104, grown since its organization in November, 1959. It meets the first Wednesday evening of each month in the American Legion Hall and welcomes visitors. Officers include:

Charles Kress, president; Mrs. Verl Jefferis, secretary; Gerald Brown, treasurer, and Frank Williams, librarian.

Senior Club Holds Election

Meeting every third Saturday night in each month without a miss in 10 years, the Eagle Coin Club of Lexington, N.C., claims to be one of the oldest coin clubs in North Carolina.

At a recent meeting, the club elected as president for 1961, Troy Lee Koontz. Other officers include Roby C. Leonard, vice president; Forrest M. Michael, secretary-treasurer, and J. McNeely Miller, auctioneer.

The club has 75 members and meets in the County auditorium.

Yonkers Club Gets Underway

The newly formed Yonkers, N. Y., Coin Club held its first meeting at the Pacey Club early in January, and elected temporary officers.

These included Garrett Fitzgerald, president; Philip Montagna, secretary; Robert Bass, treasurer, and Frank Morra, corresponding secretary.

Primary organizers of the club were Fitzgerald and Morra. Information regarding its future meetings may be obtained from Morra at the Gramatan Coin Shop, 76 Gramatan Avenue, Mt. Vernon, or from Phil Rosenbaum, 1544 Walton Avenue, The Bronx.

FACTS YOU SHOULD KNOW ABOUT COIN CLEANERS

For years coin collectors have searched for an all purpose cleaner that was SAFE! Many dollars were spent for products that made fantastic claims. At COINEW we suspect that many valuable coins have been discolored and stained in ways that brought disappointment and disillusionment. Some coin cleaners are good . . . no question about it; but we believe that many do not perform in accordance with the claims made.

Some products are falsely colored with ingredients that are absolutely unnecessary in the cleaning process. Some are messy to use and require extensive rubbing. Others are ineffective paste. Recognizing the need for a coin cleaner that was completely safe and effective, too, COINEW went to work and searched the nation for the ingredients that would solve the coin cleaning problem . . . once and for all!

We have found these ingredients! We have named it COINEW. It is so remarkable in its action that we are afraid collectors won't believe us when we describe what it can do. Sometimes words lose their real meaning because people are fooled by them so often. (Fantastic, amazing, magical, etc.) We hesitate to use such words

even though they are truthful when associated with COINEW.

COINEW IS A REAL SHOCKER! COINEW is a clear liquid. (No artificial coloring to deceive). It is simple and quick in its action. YOU JUST DIP THE COIN . . . THAT'S ALL! Rinse it off and there you are. Filthy uncirculated coins once again reflect the bright frostiness they had when they first left the mint. But that's not all. COINEW does a dandy job on XF and AU coins as well. Believe it or not, it works beautifully on any kind of coin. Try it on gold, silver, nickel or copper. Even zinc coins snap back to their original beauty. What more can we say? You have to see it work on your own coins to believe it.

One dollar buys a bottle of COINEW at your local dealer . . . enough to clean hundreds of coins. If COINEW doesn't do all we claim, just return it. You will obtain an immediate refund. We know we are secure in offering a money back guarantee. COINEW is revolutionary . . . after two years of testing, we know we've got a good thing! You don't risk a thing when you purchase COINEW. You are simply making an intelligent investment that can pay for itself over and over again . . . because your coins will be worth more!

IF YOUR DEALER HAS NOT YET STOCKED COINEW, WE WILL BE HAPPY TO PROMPTLY FURNISH YOU A BOTTLE AT THE REGULAR PRICE OF \$1.00 PLUS 25c TO COVER POSTAGE AND HANDLING.

Juniors In Spotlight At Club Session

Bourse tables for junior members only and a swap night were the features of a recent regular meeting of the Santa Ana, Calif., Coin Club, according to a report from the club.

"It was gratifying for the elders and profitable for the youngsters to have them beaming across the tables at their potential customers, and practicing sales pitches that were unique and effective", the report said.

This was the latest in a series of membership participation activities set up by the club's board of directors to help maintain a high level of interest for all types of collectors in the membership.

This kind of program has been given credit by the board for the average meeting attendance of from 60 to 70 members, well balanced between juniors and seniors.

The Santa Ana club invites the exchange of ideas with other clubs over the country that have used membership participation activities. The club can be reached at P.O. Box 1141, Santa Ana, Calif.

Coins Mailed To Canada Must Be Sent First Class

In this column of January 5, Bill Irvin, Bloomington, Ind., asked about mailing coins to Canada. We answered rather hastily without knowing all the facts. Here is another answer.

Canada Customs regulations prohibit the mailing of coins and banknotes by parcel post. They must be sent by first class mail and must be registered IF insurance is desired. That is where the

extra cost comes in that Irvin asked about.

I have a 1918-S Buffalo nickel that appears to be an overdate. Under a strong glass the outline of a 7 through the 8 is clear. Have there ever been reports of this overdate? How does such a variety get "recognition"?

E. J. Foster
Frankfort, N.Y.

ANSWER: We know of no such reports. However, there is no logical reason why such a die might not have been sent to San Francisco, just as it was to Denver (All dies are made in Philadelphia, then sent to branch mints). To get recognition, which may or may not mean listing in a coin catalogue, a variety must first be authenticated by a recognized authority. Once that is done, some publicity should follow.

Whether the variety ever gets "listed" is up to the editor or publisher of a given catalogue. It may be that the variety is of interest only to a specialist in that field or series, in which case it may never be so listed. It may be listed sometime, then forgotten.

An example of that is the 1866 nickel varieties of large date and small motto, and small date with large motto. It was listed in von Bergen's "Rare Coin Encyclopedia" seventh edition (and probably earlier editions) published in 1906-07; and in Green's "Numismatist's Reference and Check Book" of 1912. Who remembers it now?

We suggest you send or take your 1918 Buffalo nickel to your nearest authority who might be Q. David Bowers of the Bowers Coin Company in Binghamton, and ask him to examine it and advise you further. If Albany is closer try Charles W. Schermerhorn, 1601 Central Ave. Let us know what you find out.

I have recently come across a numismatic error, a 1941 over 40 Lincoln cent. The 1 is slanted to the right and the O is flattened and broad. Any comments will be appreciated.

James G. McQuillan
New York, N.Y.

COMMENT: An overdate is not an "error" but a variety since a recut die was used. It should certainly be of interest to specialists in either Lincoln cents or overdates. However, it should first be authenticated. Suggest you contact John J. Ford of New Netherlands Coin Company, 1 W. 47th St. in New York. Let us know what he says.

Don P. Johnson of Youngstown, Ohio, writes that he has an old

token, size of the old large cents, reading "Specie Payments Suspended—May tenth 1837" on one side, and "Substitute for Shin Plasters" on the other, and wants to know what it is.

ANSWER: Sounds like one of the old "Hard Times Tokens", made during the period 1832 to 1844 which circulated as money because of the shortage of "hard cash", same reason the "Civil War Tokens" were made 30 years later. Most of the earlier tokens were political in nature, but they were used as money. Somebody in the Youngstown Numismatic Club should be able to identify it more exactly. That meets the first Thursday evening of each month at Krakus Hall on South Avenue, and visitors are welcome.

W. H. Koehler, Jr., of North Little Rock, Ark., has a Lincoln cent with only the 195 showing in the date. He wants to know about it.

COMMENT: Probably a 1955. Your friend was right about its being caused by a filled die, same cause as the 3-legged Buffalo nickel. Defective dies are listed by the Society of Collectors of Numismatic Errors as being the most common type of error. They are of interest mostly to the specialist, unless the error is spectacular. Jewett's book does not list any like yours, and Kolman's only by implication, with a value suggested of about 25 cents.

I have a 1944 cent double struck on both sides, but with the reverse on the obverse and vice versa. Please give me some information on this coin.

Mark Monroe Mullen
Carlisle, Pa.

ANSWER: Jewett does not list this error, but the numismatic error collectors call it the second rarest type, and Kolman values it at \$40 up. Cause is that in minting, after a strike, the coin flips over instead of out and the die hits it again, in your case by your description, the second strike was an "easy" one.

W. F. Anderson, McKinney, Texas, writes that he has an 1828 half dollar with knobbed 2 and square base and says it is not listed as a variety in the Red Book.

COMMENT: Beistle does not list it either. It is either very common or very rare and it takes a specialist to know. We can refer you to Harmer B. Cole, 177 N. River Drive, Pennsville, N.J., as such a specialist. You made a good "rubbing".

"Say Visual Grading And They Can See What You Mean"

VISUAL GRADERS ARE NOW AVAILABLE FOR QUARTERS AND HALVES

If you have purchased a VISUAL GRADER set for CENTS, NICKELS, and DIMES, I am sure you will want to add these TEN NEW VISUAL GRADER CARDS to your set.

They are: Card No. 9 Barber Quarters,

No. 10A Standing Liberty Quarters, type I, 1916-17,

No. 10B type II, 1917-1924,

No. 10C type II, 1925-30,

No. 11A Washington Quarters, 1932 only,

No. 11B 1934 and after,

No. 12 Barber Halves,

No. 13A Liberty Walking Halves 1916-20,

No. 13B 1921-47, and No. 14 Franklin Halves.

These are 8 3/4 by 3 3/4 inch, double weight, glossy, enlarged prints showing six grades, about good through extra fine.

Come what may, recession, depression, or boom, there will be a lot of coins change hands in 1961. Whether you buy, sell, or trade you will want to be sure your grading is accurate! A very slight variation can cause a gain or loss of many times the cost of the grader on a single coin! With the Visual Grader, a novice can place a coin in the proper grade in a few seconds.

Do not be confused about the price. Many have sent the price of the set and ask for one card. I know it sounds incredible, but the price of the entire set is no

more than you would expect to pay for one photograph at a studio.

The PRICE of the COMPLETE SET of 18 PHOTOGRAPHS is \$3.50, postpaid, cash, check, or money order. If you want only the original set of eight cards for cents, nickels, and dimes, it remains \$1.50. If you want only the ten new cards for quarters and halves, they are \$2.00. Broken sets, 25c per card.

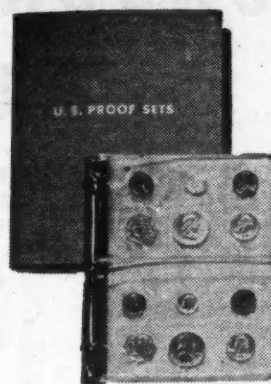

Most dealers have these in stock but if you are unable to find them in your town, then order from the address below. You will receive your set in a very few days. If for any reason you are not pleased, you may return the set for full refund.

This auction scene at the initial Alva, Oklahoma, Coin Show, held January 7-8 at the Washington school auditorium shows a portion of the crowds that thronged to the affair. Approximately

\$75,000 in coins changed hands, according to Lester Doman and Bob Reed, members of the auction committee.

Young Club Sponsors First Show In Alva; Thousands In Attendance

Close to 5,000 persons visited the Alva, Okla., Coin Club's first annual Coin Show held recently in the Washington school auditorium in Alva, according to reports from club officials.

Success of the show was much greater than anticipated, officials said, particularly in view of the fact that the club is only six months old.

Bourse tables were occupied by 28 dealers and visitors registered from five states. An estimated \$75,000 worth of coins changed hands. Marvin Withers, Pratt, Kansas, was advisor to the Alva club in putting on the show.

Lee Wilkinson, club president, acted as general chairman, and Lester Doman and Bob Reed comprised the auction committee.

"He's getting his coin collection from his secret hiding place."

Coins For Stamps

Members of the Lower Bucks County, Pa., Stamp Club were scheduled to hear a discussion of foreign money at their January meeting. I. D. Wolf of Philadelphia was to be the speaker, and show some of his own material.

SCHULMAN -- KREISBERG AUCTION CATALOGUES ARE IN GREAT DEMAND!

Auction Dates: Feb. 16, 17, 18

All 9000 catalogues of the Public Auction sale at the Waldorf Astoria Hotel in New York City have been distributed and

HUNDREDS OF REQUESTS CANNOT BE HONORED . . .

We suggest you write to the cataloguers about your special interest and they will answer you if your series is represented in the sale and how; or visit your local coin dealer who certainly will have a copy in his store available; or ask your local coin club secretary or . . . attend the auction at the Waldorf where 200 catalogues will be available just for those attending. Your local dealer can represent you too.

Club Works On Battle Medal

Members of the Gettysburg, Pa., Numismatic Society are making efforts to have a commemorative Gettysburg half dollar minted for the 1963 anniversary of the famous battle. They are also proposing an official centennial medal.

Plans for these were discussed at the January meeting of the society, held in the Courthouse at Gettysburg. Feature of the meeting was a two-hour auction, conducted by George Olinger and Steve Ruddell.

February 14 has been set for the next meeting of the group, to be held in the West Street branch of the Gettysburg National Bank.

Only a COMBINATION of the following makes these PRICES possible:

LOW OVERHEAD—we own our own building.

SMALL PROFIT: margin lower than any dealers known to us.

HIGH VOLUME: thousands of coins bought and sold each week.

MODERN AND UP-TO-DATE store—full time dealers, with FOUR EMPLOYEES.

IF you DON'T BUY or SELL with us we BOTH lose MONEY.

Last Call For Charter Memberships

Tuesday evening, February 7, has been set for the last admission of charter members to the new Albemarle Coin Club of Elizabeth City, N. C., according to a report from the club.

Meeting is scheduled to be held at the Orr-Livesay Truck and Tractor Company.

At the January session, E. W. Looney Jr., Elizabeth City, was elected 1961 president. Chosen with him were Mrs. Charles J. Watts, Elizabeth City, vice president; and A. T. Hurlburt, Sunbury, secretary-treasurer.

It is planned to have coin auctions at all meetings, to be held the first Tuesday of every month.

I am interested in collecting paper money. Can you recommend some books on the subject?

James Santomassimo
Bronx, N.Y.

ANSWER: Coin World's issue of January 26 had a good many such books listed. However, we suggest you write Dwight L. Musser, World Paper Money Club, Box 505, Dunbar, W. Va.

Walter L. Weaver, W. Belmar, N.J., writes that he has a large cent dated 1798, close small date, reverse of 1796 and wants to know why the Red Book does not value it.

ANSWER: The Red Book does not price rare varieties, since they are of interest only to specialists in a given field or series. And there are a number of "sub" varieties of what you have, which makes each one even rarer. You have to look them up in Sheldon to properly identify them. We cannot do it at a distance.

I have a 1960-D nickel with two flags on top of the O. Can you tell me about this coin?

Daniel R. Hicks
Louisville, Ky.

ANSWER: Not without seeing the coin, but suggest the "flags" may be die cracks. Contact the Louisville Coin Club.

Club Due To Close Charter

Charter members in the recently organized Cedar Falls, Iowa, Coin Club have until February 28 to join, according to a report from the club, which was to hold its second meeting January 31.

More than 30 persons attended the organizational session, with Andy Idso presiding, held at the Black Hawk Hotel.

A committee of five was formed to work out a set of by-laws for the new club. Comprising it were Bill Casey, chairman; Clark Clayton, Douglas Nieland, Idso, and Duane Heisterkamp, president of the Waterloo, Iowa, Coin Club, who invited those present to visit his group.

Permanent meeting place for the Cedar Falls club had not been decided, in January.

bought them for investment. This new ruling by our government does not affect us bona fide numismatists.

You may wonder what the effect will be. Most likely it will somewhat increase our coin prices. A few hoarders will turn their money into the rare coins at home, making them still rarer; a few will turn their money into buying the common gold coins available in the U.S.A.

Of course, we all know that a collector in order to have a complete collection must have the common and the rare coins and often has more than one to show obverse and reverse. In order to have a complete foreign gold collection, you will need common pounds and their varieties; and you will have to buy lots with duplicates to find the dates you want. I relayed this information to you because I wanted to explain why all coins (including common ones) will be permitted to be collected.

I am personally in favor of lifting customs restrictions on gold coins after 1933 because a collection is not complete without the 50 pesos of Mexico, the 1 and 4 ducats of 1915 of Austria, the 100, 50, 25 soles of Peru.

You may wonder how our government can control foreign hoarding by U. S. citizens. That seems more difficult than it really is. With every country being just a few jet hours away from the U.S.A., our investigating branches will not have great difficulties. NATO countries may exchange information. Hoarding of gold in the U.S.A. is, of course, no problem if all our gold laws are such that except for collector's gold coins; nobody is supposed to have any gold. The prices paid for this collector's gold is in proportion so high that hoarding of quantities is unattractive so it is seldom that collectors are found with large amounts of pounds, or 20 franc pieces of the same date.

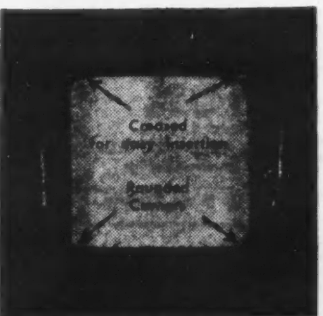

If the government feels that additional gold protection is necessary and licenses our business; do not worry or panic, your business will not be affected and you will find that legitimate collecting of gold coins even in necessary quantities to obtain rarities and dates will not be affected by any rules against hoarding.

It is possible, however, that the government's anti-foreign hoarding order will solve the problem entirely.

The government has set a June deadline for repatriation of hoardings; and by June we will know if new laws are required. "Coin World" was first with the news again!

New Arkansas Shop Family Affair

Oregon's loss was Arkansas' gain. Earl C. Murray (right) recently moved from Milton-Freewater, Oregon, to Little Rock, Arkansas, where he set up the "Arkansas Collection Center" with

his brother-in-law, Jack D. Braunagel (left). The coin collectors' shop is one of the few in the entire state.

Old Adage True For Collectors

"Coin collectors are made, not born", says Earl C. Murray, who recently opened the Arkansas Collection Center in North Little Rock, Arkansas. He says it goes something like this:

Someone finds an old coin, a discolored one, or one with something about it that makes him

think it is unusual. He has read about people making a lot of money from a single coin, so he brings it to a dealer.

Chances are, says Murray, it won't be worth much more than face value, but while the dealer is showing the person his coin in

the catalogue, he's also showing him some coins that would bring several hundred dollars if he found one.

After a session or two like this, the man is apt to start spending some winter evenings at the kitchen table squinting through a magnifying glass at a roll of coins he just happened to pick up while he was at the bank. Then, says Murray, "he's hooked".

Murray moved to North Little Rock from Milton-Freewater, Oregon, where he operated, with his wife, a sporting goods store. He kept his coin collection in the back of the store, and Mrs. Murray says there usually were more coin collectors in the store than sportsmen.

They moved to Arkansas and opened the collectors shop in partnership with Mrs. Murray's brother, Jack D. Braunagel, a local motion picture theatre exhibitor.

New Mexican Coin

Mexico is issuing a new silver coin with the image of Emiliano Zapata. Total coinage is 200,000 pieces, with a value of five pesos each.

Coin Exchange Planned

Members of the Manhattan, Kansas, Coin Club were scheduled to hold a "coin exchange" at their January meeting, held in the lounge of the Community House.

"This Is A Very Good IDEA . . . !"

A typical response of the many hundreds received upon the announcement of the formation of the COIN-OF-THE-MONTH CLUB. Because of the heavy response, we have not been able to answer all questions on an individual basis. Consequently, we have prepared the following list of your questions and answered them in order that everyone will better understand our purpose. However, if you still have further questions please do not hesitate to ask us for specific information.

When will the first commemorative be issued and how often will they be issued?

The first was issued in January, 1961. There are still copies of the first issue available in all metals. Commemoratives will be issued every month and they will be mailed to club members the first week of the month.

Is there an initiation fee to become a member?

No! You pay only for the actual medals. There are seven membership choices with different costs. You choose the membership plan you desire and pay only for the actual medals you wish to receive.

May I buy each month's offering separately?

Yes! But you save money by becoming a year-around member and will receive the complete set of commemoratives for your collection.

Can you put out a good commemorative every month? Doesn't it take quite a long time to make sure the medal is perfect?

Yes, it takes a long time to be sure all the details of each medal are right. You will be interested to know that work on the medals is done as much as a year in advance. Our staff of experts is already working on the issue for fall and winter of 1961 and have plans for into 1962. For this reason we can promise a perfect commemorative each month. Satisfaction is guaranteed or your money will be refunded.

In what size is the Coin-of-the-Month commemorative struck?

They will all be 33 mm (1 5/16 inch) in diameter and about as thick as a United States Government half dollar.

In what metals and finishes are the commemoratives available?

They are available in sterling silver, nickel-silver (the regular issue), oxidized silver, bright bronze, oxidized bronze and gold plated. Write and give us your opinion of eliminating all but silver and nickel-silver and adding a gold series.

What will the commemorative issues be?

There will be a series of six to eight Civil War commemoratives spread out over the next two years; statehood and territorial centennial issues; commemoratives honoring famous Americans, events in American history and famous historical places. Later issues will include commemoratives suggested by Coin-of-the-Month members.

What will the "special" issues include that you promise to Coin-of-the-Month Club members at reduced cost?

We have a designer working on a series of commemoratives on the most famous cities of the United States and the world. A number of "Space Age" commemoratives are being considered and a series on countries that are members of the United Nations . . . and others.

Rare Numismatic Error Found; Canadian Nickel On Dime Blank

A Canadian nickel struck on a dime blank, one of the first ever discovered in Canadian coinage, has been reported by one of that country's leading numismatists, J. E. Charlton, of Toronto.

Charlton reported the find in his coin column published weekly in the Toronto Daily Star. He discussed the collecting of mis-struck, off-metal, laminated and other mint error and freak coins in the column, and told of the interest in the organization, Collectors of Numismatic Errors.

The columnist said, however,

Something New!

Plastic Envelopes

Clear polyethylene, pliable and guaranteed not to crack or dry out. These long flap envelopes give maximum protection against chemical action which causes tarnish, spotting, etc. Coins can be displayed without exposure. Made to hold the large size Silver Dollar and most Crowns, but will still fit easily into a 2x2 envelope.

We are now using these for all our Uncirculated and Proof, as well as choice coins. Something collectors and dealers have been needing for years.

Canadian nickel struck on a dime planchet

Canadian dime, cent mis-strikes

that due to the efficient inspection at the Royal Canadian Mint such coins are in a very small minority.

Charlton's definitions of numismatic errors include the following:

A mis-strike is a coin that is "off-centre." This is caused by shifting of the die so that it fails to come down centrally on the planchet, which is the blank metal, cut to the size and shape of the coin.

An off metal coin is one struck in a metal other than that used for the denomination. Illustrated is a nickel struck on a dime planchet. This evidently was the result of a dime planchet becoming mixed with nickel blanks.

A laminated coin results from metal forming into a fold during the rolling process prior to the stamping out of the planchets. Layers of such a coin may be peeled off with a knife.

In addition to those mentioned, coins are sometimes found with tiny raised dots in various places. These are caused by pitting of the chromium plating on the dies.

Coins in this category are more common than those previously mentioned. A broken or cracked die will cause raised ridges to appear on the coins.

Iowa Event Set For May

May 6 and 7 have been set for the annual "Coin Bourse" of the Illowa Coin Club of Clinton, Iowa, according to a report from the club. It will be held in the Lafayette Hotel, Clinton. About 1,500 attended the 1960 event, secretary Harry Gorman said.

The Illowa club now has 90 members, six more than its 1960 membership total. At the January meeting, Gus Moore displayed his "Crown collection", nearly a full set of foreign crown coins.

The February meeting is scheduled to be held Thursday evening, February 9, at the Clinton Recreation Center in the Turner building.

Texas Club Endorsing Legislation

Members of the Wichita Falls, Texas, Stamp and Coin Club recently passed a resolution asking for legislation to be passed by Congress prohibiting the alteration of United States coins or the selling of any altered coins.

It has been announced that such a bill will be offered by Rep. Kenneth J. Gray (D-Illinois), at the new session of Congress. The Wichita Falls club's resolution follows:

"We, the Wichita Falls Stamp and Coin Club, resolve that legislative action should be taken to make it illegal to alter the date, mint mark, or design of any United States coin.

"We further believe that any attempt to alter, sell, or offer for sale any altered coin should be illegal, and the penalty should be the same as that for defacing United States coins."

The Wichita Falls club suggests that collectors write their congressmen in favor of the bill. At present it is claimed that the Treasury Department has no jurisdiction over altered coins as long as the actual face value is not changed.

Oil City Club Staging Drive

The Oil Creek Coin Club of Oil City, Pa., is holding a membership drive, with particular reference to coin collectors in the Oil City, Franklin and Titusville areas.

As part of the drive, the club had a special display of coins at Wallace's book store on Seneca Street in Oil City early in January. The club meets monthly in the Oil City VFW Club.

Persons interested in obtaining more information about the organization are invited to phone Oil City 7-8071, Titusville 3-2991 or Franklin 2-2460.

Club Meets In Cafe

The North Kansas City, Mo., Coin Club meets on the second Wednesday of the month at 8 p.m., at the Garrison cafe, 1101 Burlington, in North Kansas City.

Corn Belt Names Almy

Ted Almy, Normal, Illinois, was recently elected president for 1961 of the Corn Belt Coin Club of Bloomington, Illinois. Chosen vice president was George E. Meyer, Saybrook, who is shown above with Mr. and Mrs. Oscar E. Means at their bourse tables before the recent Soy Coin Club show at Decatur. Meyer is not only the club auctioneer but cries most of the auctions in central Illinois. Dick Hoffarth, Bloomington, was elected secretary-treasurer of the Corn Belt club.

East Bay Celebration Date Moved Up

The East Bay Coin Club of Oakland, Calif., will celebrate its 13th anniversary on Friday, March 31, moved up from April because of the California State Numismatic Association convention, it announced recently.

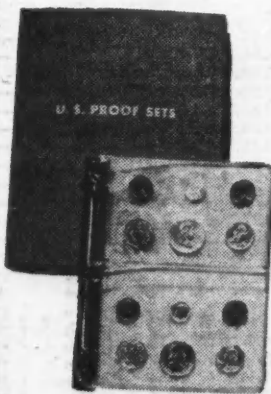

Other announcements include the scheduling of Hans M. F. Schulman, New York City numismatist and Coin World columnist, as a speaker for the club's March 10 meeting; and the results of the recent election of officers. These include:

Edward S. Lane, president; Paul D. Snedaker, vice president; Sidney T. Gilligan, recording secretary; Don Crosman, treasurer, and R. J. Frost, corresponding secretary.

SPECIAL NOTICE

Sometime during February, I have to take a few days off, to re-arrange my coin stock, also to figure up my annual contribution to Uncle Sam's National, International, and Outernational Spending Fund. Being a green country boy, it had never occurred to me, how important it was to the preservation of my immediate liberty, that I chip in generously to the Fund. Until the man with the brief case explained it to me, of course. Anyway,

it would be a lot more expensive for me to go to Africa and Asia and referee those fights going on all the time, or to work on air-line service to Mars. Uncle Sam can do it cheaper wholesale. I don't look forward to much coin business from Africa, but I am laying in a good supply of Horns for the Martian trade. So if you should not hear from me as promptly as usual, don't blow a gasket, we'll be back at the old stand in a few days.

Long Beach Police Seek Pair In \$55,000 Coin-Stamp Robbery

Coin World was enlisted today by Long Beach, California, police to aid in the apprehension of two men who robbed the Allen Coin and Stamp Company in that city of coins and stamps valued at more than \$55,000.

Chief of Police William J. Mooney said the robbery victim, Jack Gustave Allen, wanted Coin World circularization of the photographs in case an alert reader recognized them.

"Any information your subscribers might have regarding these subjects should be furnished their local police department or the Federal Bureau of Investigation," Chief Mooney said.

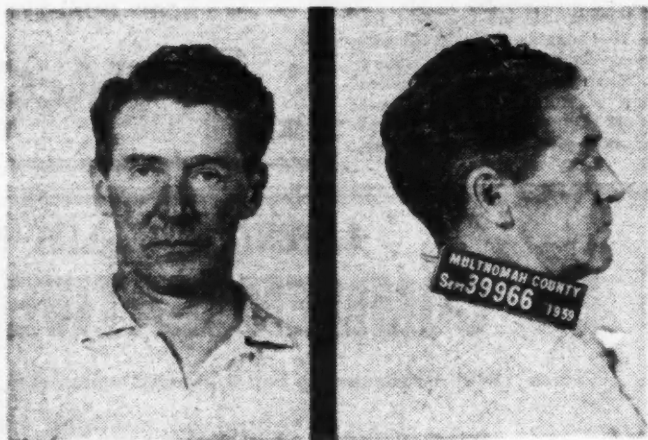

He disclosed his department holds a felony warrant of arrest charging both men with robbery. He also added that there is a possibility they are wanted by the Royal Canadian Mounted Police on a similar robbery committed in Chatham, Ontario, Canada.

Gilbert Warren Justin is "some-what of a coin collector," according to the police, and knows a great deal about rare stamps.

Complete description of the pair

Gilbert Warren Justin

Donald Walter Holmwood

follows:

Gilbert Warren Justin, alias August Joseph Heitman, Don Worthen, described as male white, six feet, one and one-half inches, 190 pounds, brown hair, brown eyes, born March 26, 1921, occupation, stamp collector, FBI No. 12838653, California State Bureau of Identification No. 507898.

Donald Walter Holmwood, described as male white, 5 feet six inches, 153 pounds, born in Blackbird, England, April 9, 1913, occupation—waiter, FBI No. 37694.

Fair To Very Fine Informal Quarter Club Proposed By Columnist

By James G. Johnson

Over the last two weeks I described briefly some of the things I like at coin club meetings under the general heads of education and action. More could be said about both, but I'll change the subject for awhile so that I won't be accused of "harping" on one thing too much.

Commenting on my mail, J. Mortimer Pugh of Austin, Minn., asked if I knew the Satterfields when I was in Rifle. They ranch on Roan Creek. Pugh visited them some years ago, and spent the night in Rifle.

Sorry to say I did not meet them to know it. Roan Creek is down in the Grand Valley area and, while Rifle is the nearest town of any size (2,100 pop.), people from that country tend to head toward Grand Junction rather than Rifle. I thought nothing of driving 50 miles to look at coins, but I did not happen to run across the Satterfields.

Also heard from Sam Jillette of Greenfield, Mass., an old friend from the time I lived in North Adams and attended meetings of the coin club in Greenfield. Sam used to sell me coins in bargain lots for which I was grateful. He was the first person I heard talk about the 1955 "shift" cents, and for all I know may have made the first discovery. Thanks for the "plug", Sam.

Carl W. Kendall Jr., Clearfield, Pa., sent in a rubbing of a 1863 coin and wants to know what it is. It is a Civil War token. The in-

teresting part of it is that the token has been handed down since 1864, and every owner is known since then. That particular one is probably listed by Fuld, but several varieties exist with that obverse and reverse and it can't be identified exactly from here.

Back to the 1934 Washington Quarters for a bit. The following have written about them: J. R. Jones, Birmingham, Ala.; Lawrence W. Paschal Jr., Hempstead, Texas; Robert W. Bockman, Trenton, N.J.; Bruce Knapp, Oakland, N.J.; Donald J. Gunnett, York, Pa.; Milton Berel, an "Old Timer," Little Ferry, N.J.; Harry F. Hart, Jr., Hummelstown, Pa.; Charles Deibel, Pittsburgh, Pa., and Melvin O. Carmichael, another old timer, Klamath Falls, Ore.

Let's call these men charter members of the '34 Quarter Club, and maybe we can branch out later and research the entire group of Washington quarters. Nobody has done it yet, so far as I know.

Jones wrote in first, so he can be temporary president (every club starts out with officers!); Berel and Carmichael have done some original research and have the most experience, so let them be temporary vice president and secretary, respectively. We don't need a treasurer.

Three varieties were mentioned in earlier columns. Now come Berel and Gunnett with a fourth, a double strike obverse, which we will call Type IV. Let's sum them up.

Type I: Light Motto or Type of 1932. (Quoting Berel and Jones) Usually softly struck. Twenty times as scarce as heavy motto. Letters are entirely different in shape from Types II and III. Approximate mintage, 1,600,000.

Type II: Medium letters in motto as in 1935. Middle stroke of W not as tall as outer strokes. Pointed tail on R in Trust.

Type III: Much heavier letters in motto as in 1936; blunt tail to R; middle stroke of W taller than outer strokes.

Type IV: double struck motto, date and Liberty, numerals and letters of Liberty thicker than normal. (Berel says: low tail of E in Liberty shows double strike; also lower tail and entire right side of 3; motto is clearly double struck. Gunnett gave no details.)

Mention is made also by several of the charter members that the difference exists in the Denver

Mint quarter of 1934, although not in Type I. Here are the quantities turned up so far, among all the correspondents to date, including my own holdings.

These are not complete, of course, as some did not say how many they had, but it may give us some preliminary ideas. Conditions vary, with Berel mentioning at least one of each type in Unc., while Carmichael has kept only VF or better.

1934-P: Type I, 51; Type II, 113; Type III, 25; Type IV, 2. 1934-D: Type II, 24; Type III, 9.

Offhand, it looks as though Type IV was by far the scarcest as it should be, and Type III is next. But until we all list our figures more exactly, and hear from others on the subject, we can't do more than guess on relative quantities. After all, how many people save 1934 quarters as a normal procedure?

I have a roll of Type I's just because I have saved all I found in any condition, ever since I first heard about them, 10 years ago. I saved a roll of what has turned out to be Type II, just from curiosity, but have spent I don't know how many more. I have not saved 1934-D other than a few very nice ones because they were nice.

Let's leave it here for this time, and hope to hear more details from you charter members of the '34 Club, and from others who want to get in.

Comes now a letter from H. C. Van Horn of Broomall, Pa., who has problems. He asks: "Each week I see about two ads in Coin World for all size dates 1960 P and D nickels for sale at various prices. Why does the paper run ads for coins that are not recognized?"

"Most are selling small date nickels, but one is selling large date nickels for \$60 a roll. This is all very confusing. What is the story?" His other question is, "Where can I get a book on how to grade Canadian coins?"

I'll answer the second question first. Both Taylor-James and Charlton discuss the matter briefly. Most dealers handle both, or can get them. See our Book edition of January 26.

The first question is a little more complicated and really is two questions. If by "recognized", you mean listed in the standard (small s) catalogues, that is the "wrong tree" for varieties. Most varieties that are recognized in different series or denominations are not listed in general catalogs, but in publications for the specialist.

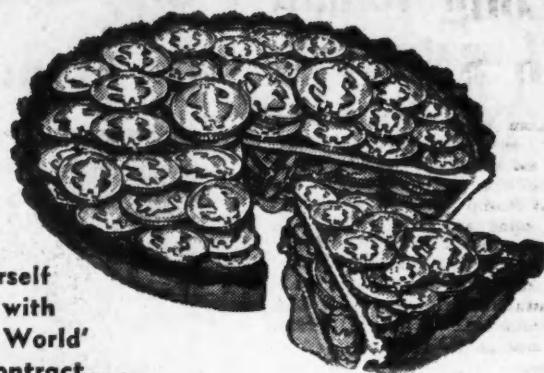

To give you one example, Newcomb listed 35 varieties of the 1838 large cent, but the Red Book lists only one. All of those 35, or most, are advertised for sale from time to time, and the specialist in large cents is interested, and buys if the price is right.

Any publication that takes advertising will accept any ad that is legal and honest within its general policy. Coin World will not accept ads for "altered date" coins because it is against our policy, but otherwise, we can't tell a collector what to buy, or not to.

Small and large date 1960 nickels have been advertised, but which is the scarcer has not been established yet, and some dealers have made their own assumptions, and they could be right or wrong. I suggest you check your own holdings and see which you have most of.

III. Finds Reported

Recently reported from the Corn Belt Coin Club of Bloomington, Illinois, were "lucky finds" on the part of two of its members. John Simpson found a 1942 over 41 dime, and Eugene Marcellus found a three-legged Buffalo nickel. Both live in Saybrook.

EASY TO USE — FAST ECONOMICAL ACTUALLY CLEANS IN SECONDS

Useful for cleaning all kinds of coins, but particularly adapted to cleaning coins of copper or nickel.

Does not add shine but brings out natural color, including original brilliance if it is still there under tarnish or coating. Tarnish vanishes and dull or dark uncirculated coins become brilliant uncirculated coins. It does this in seconds. You will be amazed.

This product, the result of years of experiment, can be used safely on valuable coins to improve their appearance and increase their value.

On sale in many leading stores in 4-oz. bottles, with full directions, at \$1.00.

If your dealer does not yet have it, send us \$1.00 for a 3-oz. bottle (enough to clean hundreds of coins), carefully packed, unbreakable bottle, postpaid to any address in the U.S. or Canada.

The appearance of worn coins, large cents, small cents, etc., can be greatly improved by "highlighting", (contrasting light and dark). Use the Victory Miracle Cloth for this only 50c postpaid.

SPECIAL OFFER TO DEALERS

We want you to try "CCC" on your counter. It Sells! Send \$4.00 for six 4-oz. bottles (postpaid in the U.S.).

Smithsonian Curator To Address Clubs

Dr. Vladimir Clain-Steffanel, Curator for Numismatics of the Smithsonian Institute and also recently named Curator for the American Numismatic Association, was announced this week as the principal banquet speaker for the spring convention of the Penn-Ohio Coin Clubs, set for May 12-14 at the Webster Hall Hotel in Pittsburgh, Pa.

As an innovation this year, the banquet will be held on Sunday evening as a grand finale for the show, rather than have it divide the affair as has been the custom.

In addition to the usual displays, special exhibits this year will include both the 1804 silver dollar and the 1913 Liberty Head nickel, it was also announced.

It is expected that some 50 dealers will occupy bourse tables. A special registration award will be a BU 1909-S VDB Lincoln cent. Other announcements include the naming of William C. Woodside, Curator of the Carnegie Museum, and C. C. Shroyer and Clark Stockdale as exhibit judges.

General chairman of the convention is Ray Byrne, 701 North Negley Avenue, Pittsburgh 6, Pa. The Pittsburgh Numismatic Society is host club.

Dates for the Fall Convention of the Association of Penn-Ohio Coin Clubs have been announced as October 13-15, by the general chairman of the fall event, Laura M. Caddy, Cleveland.

The convention, the 23rd semi-annual, will be held in the Statler Hilton Hotel in Cleveland. Michael Kolman, Jr., of the Federal Coin Exchange will be the auctioneer.

Announcement of the fall convention has been made at this time to help other organizations avoid conflicts in dates.

Club Being Founded

Plans for the organization of a Crawford County Coin Club are in process of being carried out at Meadville, Pa., under the leadership of Verne Willey of Meadville. A preliminary meeting was held recently at the Crawford County Trust Company.

Kansas Medal Sketch

Only bona-fide residents of Kansas will be permitted to buy the official Kansas centennial medal — only 20,000 of the silver pieces were struck at the Philadelphia Mint. The medals will be sold after buyers have been processed through the state's banks and trust companies on February 6. This is the sketch of the medal okayed by Mrs. Frank Hauke, Council Grove, Mo., vice chairman of the Centennial Commission.

Club Names ANA Veteran

Starting its second year with 56 members, the Manatee Coin Club of Bradenton and Ellenton, Florida, recently re-elected as president a numismatist of long experience, Vernon L. Oblisk, Bradenton.

Oblisk has been a member of the American Numismatic Association for 25 years. New vice president of the club is Mrs. Winnie Seacord, while John W. Millington, Ellenton, was re-elected secretary-treasurer.

The club meets on the second Wednesday of each month at Millington's Coin and Stamp shop on Victory Road, Ellenton. Visitors are welcome.

Name Change For Ohio Club

Election of officers for 1961 was to be the highlight of the January 25 meeting of the Union County Stamp and Coin Club of Marysville, Ohio, to be held in the County Court House.

Formerly the Plain Mary club, the group voted to change the name at its December 28 meeting. At the same session, Philip J. Ell was nominated for honorary membership in token of his efforts in reorganizing the present club.

Following refreshments, a 52-lot auction was held, with Don DeVore as auctioneer and Todd Hoopes as clerk. Feature of the auction was the purchase by Steve Burwell, a junior member, of a lot of five quarters for the bid of \$1.

Blue Ridge To Hold Convention

The second annual convention of the Blue Ridge Numismatic Association of South Carolina has been set for August 11-13, at the Clemson House at Clemson, S. C., on Highway 123.

General chairman for the affair is G. C. Sizemore, Box 1637, Greenville, S.C., general secretary of the association. Bourse tables for the three days are \$20, and reservations should be made with the secretary.

First convention of the organization was held in Greenville last October, with several thousand visitors reported. Plaques were given as awards for exhibits, and many outstanding displays were shown, including paper money, mint errors and gold.

Week-Day Tampa Convention Pronounced A Complete Success

Some 6,000 persons attended the three-day Coin Show sponsored in Tampa by the Florida West Coast Coin Association immediately following the F.U.N. convention in late January.

The local Chamber of Commerce recorded 5,967 visitors, with 2,965 on opening day. Attendance was the more remarkable since it was the only large convention ever held on Monday, Tuesday and Wednesday, according to the chairman, Earle T. Myers, Tampa.

Limited to 50 bourse tables, officials were forced to refuse 14 applications after the limit was reached. Dealers from coast to coast and Canada to the Gulf reported excellent business.

Irving Moskowitz, Detroit, Mich., won the best-in-show award for his exhibit of gold coins; Jim Kirkwood, Cleveland, Ohio, won first in paper money; Col. O. S. Frits, St. Petersburg, Fla., first in Mint errors; Ted Kitchens, St. Petersburg, U. S. money; Earlene Myers, Tampa, Fla., Civil War tokens, and Evelyn Adams, St. Petersburg, Wells Fargo Exhibit in the Unusual Display class.

Plans were made to hold a larger show in 1962, in either St. Petersburg or Sarasota, about the final week in January. All convention show committee officers were re-elected at a business session. They included:

Myers, general chairman and president; Harry O. Adams, co-chairman and vice president; Oscar Finman, secretary and security; Frank Vitello, vice president and public relations; Henry Cox, treasurer and registration; Grover Criswell, advisory board chairman; and Ted Kitchen, awards, trophies and prizes.

Offices Divided

By Mount Vernon Club

Members of the Mount Vernon, Ohio, Numismatic Society have split up the secretary-treasurer office and elected their 1960 holder, Barbara V. Maxwell, to the presidency of the Society for 1961.

Other new officers include W. C. Coon, vice president; John C. Crim, secretary, and Kenneth B. Morrow, treasurer.

Earle T. Myers, president of the Florida West Coast Coin Association, examines a rare 1855 \$50 gold coin valued at between \$2,200 and \$2,500 during the recent three-day coin show held in Tampa. Myers served as general chairman of the event.

February 8 Meeting Date

The Huntington, W. Va., Coin Club will hold its first meeting under its new 1961 officers on Wednesday evening, February 8, at the Appalachian Power Company auditorium, and anyone interested in coins is invited to attend.

New president of the club is Ike Lerner, with the other officers comprising Fred Huddleston, vice urer, and Leland S. Arnold, secretary.

At each meeting of the group, a \$5 gift is made. Following the business sessions, a short talk is given by a member on coins, paper money or tokens. Members will evaluate any such items for visitors. An hour's auction is held, with any member or visitor entitled to participate.

New Notes To Be Issued In Katanga

The Katanga government was to issue new currency the week of January 9. All existing Congo bank notes were to be withdrawn, according to a report from Elizabethville, Katanga.

The new notes are on a par with the Belgian franc, which is valued at two cents. The move constitutes a new step toward the independence proclaimed by President Moise Tshombe.

Installation Set

Installation of officers was scheduled to be held at the January 26 meeting of the Cheyenne, Wyo., Coin Club set for the G. & E. Room of the Cheyenne Light, Fuel and Power Company. Results of the election were announced in Coin World issue of January 5.

Club Seeks New Bulletin Name

The Fresno, California, Numismatic Society has just issued Volume 1, number 1 of its new bulletin, an attractive one-page, legal-sized, paper in what appears to be offset printing.

No name has been given to the bulletin, and Editor Everett G. Jewett has announced a contest for club members only for a title. Deadline is March 1, with a limit of one entry per member. Best

five will be voted on.

Included in the content of the first issue is a partial list of lots for the next auction; advance notices of meetings of neighboring coin clubs, news of the installation banquet of January 17 (announced in Coin World issue of January 12); a list of recent "finds"; a list of some of the material stolen in the recent "Hill'n Dale" robbery, and routine announcements.

THE U.S.S. ENTERPRISE MEDAL, 1960

It is being distributed nationally by the
Coin and Currency Institute, Inc.

Here is the official medal to commemorate the recent launching of our Navy's newest ship, the U.S.S. Enterprise—the largest ship in the world and the first nuclear powered aircraft carrier. Struck by the renowned Medallic Art Company, this finely executed medal shows the Enterprise on the obverse and the insignia of the U.S. Navy and the ship's builders on the reverse. The medal is being struck in bronze as well as in pure silver of better than .999 fineness. The issue of the silver medals is limited to 5000 serially numbered pieces. Both the bronze and silver medals are a large 2 1/2" in diameter and are being issued in boxes with an educational, informative leaflet.

ENTERPRISE BRONZE MEDAL	Price	\$4.00
ENTERPRISE PURE SILVER MEDAL	Price	\$30.00

(The silver medal is offered subject to the issue being sold out. The limited silver issues of previous medals were sold out within a few weeks of being released)

Order the Enterprise Medals now from your own dealer, jobber, or distributor, or write directly to us.

OTHER COMMEMORATIVE MEDALS

The following official bronze medals can also be supplied; all come boxed with informative leaflet.

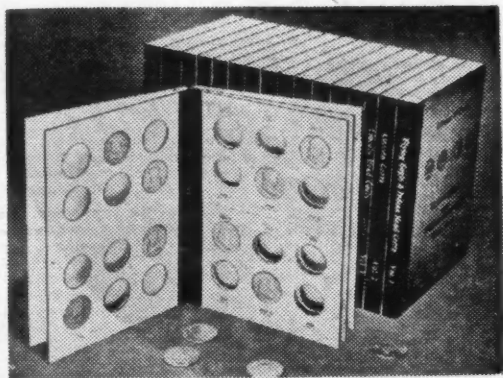

ALASKA STATEHOOD MEDAL	1959	\$4.00
HAWAII STATEHOOD MEDAL	1960	4.00
SANTA FE'S 350TH YEAR	1960	4.00

Dealers who wish to carry the Enterprise medal or the other three medals, should write to us for our discount terms.

Almost Everyone Prefers America's First Family of Coin Albums

THE LIBRARY OF COINS

By Any Standard, Still The Best!

Complete visibility and complete protection, the two most-wanted features of a coin album, are presented for the first time by THE LIBRARY OF COINS. Bound like books, handsome and compact, each Library of Coins volume displays and protects its coins between two sliding panels of clear, tough plastic. Each coin "porthole" has printed next to it full data on mint mark and quantity minted. Each volume contains a brief background story on the coins, giving both the novice and advanced collector helpful information, including a listing of the rare dates.

Measuring 8 1/4" x 6 1/4", the volumes are low priced, sturdily manufactured, and perma-

nently bound in a variety of identifying colors for the various denominations. Their compact size permits the storing of a large coin collection in very small space. Backbones are clearly gold stamped so that they are as readily identifiable as are books.

The Library of Coins represents the first major innovation in high grade coin albums in more than 30 years, and was several years in development. Designed by numismatists, the Library of Coins is designed to satisfy the needs and desires of numismatists. Write for descriptive circular on the Library of Coins.

THE OFFICIAL INAUGURAL MEDAL

PRESIDENT JOHN F. KENNEDY THE 35TH PRESIDENT OF THE UNITED STATES INAUGURATION DAY, JANUARY 20, 1961, WASHINGTON, D. C.

The 1961 Inaugural Committee in Washington, D.C., has named the Coin and Currency Institute, Inc., as sole national distributor of the Inaugural Medal for President Kennedy.

The Medallic Art Company of New York was chosen to strike the 1961 Inaugural Medal. This firm also struck the Inaugural Medal for President Eisenhower in 1953 and again in 1957.

The 1961 Inaugural Medal is a handsome 2 3/4 inches in diameter, being larger than other types of official medals distributed by us, which are 2 1/2 inches in size.

Each Inaugural Medal is issued in its own box, which contains not only a printed, informative leaflet, but also a bronze holder for displaying the medal in upright position.

The medal has been struck in bronze as well as in pure silver of fineness better than .999.

The Inaugural Committee has limited the issue of silver medals to 7,500 serially numbered pieces for the entire nation. These will probably be sold out in a very short time, as was typical of all other silver medals distributed by us in the past.

PRICES OF THE INAUGURAL MEDAL

The Inaugural Committee Has Established The Following Official Prices For The Bronze And Silver Medals.

THE BRONZE INAUGURAL MEDAL.... \$4⁵⁰

THE PURE SILVER INAUGURAL MEDAL.... \$~~5~~^{SOLD}00

(Please note: Because the silver medals are limited to 7,500 pieces, they are offered subject to being sold out.)

To be sure of getting this historically important, finely sculptured medal, please order it now through your local coin and stamp dealer, department store, hobby shop, etc.,

or you may write to either our New York or California address. Coin dealers who would like to carry the Inaugural Medal for resale should write to us at once for our terms.
